max-min saddle height (from bb)*	80-84.5"	82.5-87.5"	86.5-92"	92.2-98"

Introducing the Classic LE - Softride Updates a Proven Winner with a new look! The Classic TT has proven its mettle time and again with wins in many races, including the biggest on earth, the Ironman World Championships in Hawaii. This proven finisher with a new look features the same monostay rear end and deep tear drop tube shape,

along with the performance of beam technology. This Classic is now available with a new look, lovingly hand polished to a mirrored finish so you can be sure that your performance will draw attention, and that your looks will hold it! Softride wants to keep everyone striving to set a higher standard and break new personal records.

About our frame sizes: Because of the top tube and seat tube adjustability inherent in our designs, we size our frames using ranges. *Measurements taken with Selle Italia Flite saddle mounted full back for maximum height and full forward for minimum height. •Optional Classic Gear H-Adapter accessory allows additional height increase of 4.5 cm.
