WOODRUP GIRO FRAMESET

TUBING—Reynolds 531 double-buttet throughout. Campagnolo 1010 dropouts with eyelets.

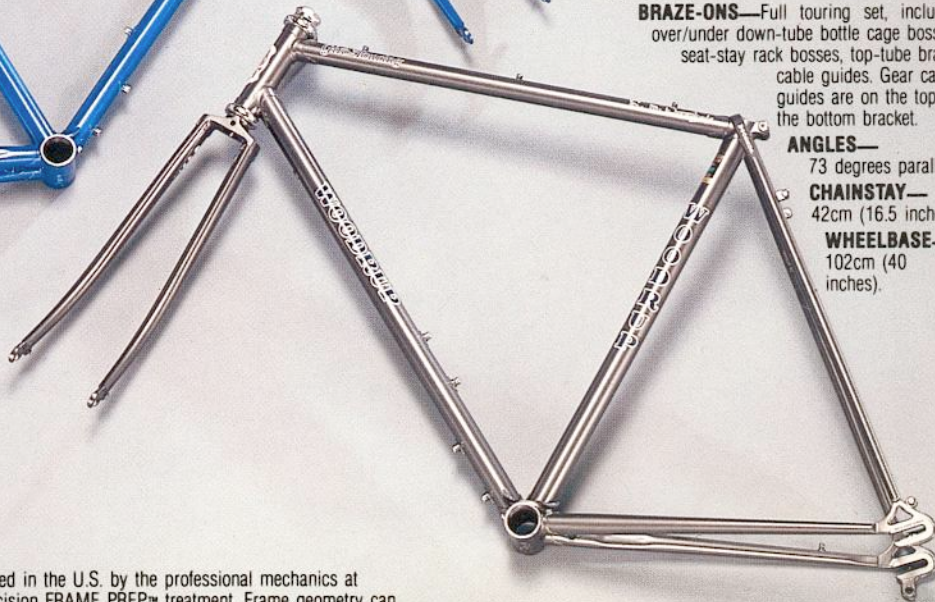

CONJUNCTIONS—Cinelli investment cast lugset, bottom bracket, and fork crown all hand prepared to Woodrup standards and flavor.

BRAZE-ONS—Full touring set, including over/under down-tube bottle cage bosses, seat-stay rack bosses, top-tube brake cable guides. Gear cable guides are on the top of the bottom bracket.

ANGLES—73 degrees parallel.

CHAINSTAY—42cm (16.5 inches).

WHEELBASE—102cm (40 inches).

WEIGHT—7 lbs. with Campagnolo Nuovo Record headset and fork.

PAINT—Red, Blue, Anthracite Gray.

FRAMESET SIZES—19 inches to 26 inches measured from center of bottom bracket to top of seat tube. These are the seat-tube/top-tube lengths for each size in inches: 19/21; 20/21; 21/21; 22/22; 23/22.5; 24/22.5; 25/23; 26/23. (Top tube measured center to center.)

NOTE: All Woodrup Giro bicycles are expertly assembled in the U.S. by the professional mechanics at Ten Speed Drive Imports. Every frame receives our precision FRAME PREP™ treatment. Frame geometry can vary slightly and will vary between small frames and large frames.

WOODRUP

WOODRUP SUPER RECORD SL

A classic British "Club Bicycle" designed for competition and sport riding as well as incorporating a complete set of touring braze-on's for the few weekend tours one might schedule each year.

FROM LEEDS ENGLAND...

Equisitely beautiful, painstakingly constructed framesets and bicycles. One of our California dealers says it all: "After selling Woodrup for several years, I have chosen one to be my next personal bicycle. . . due to the great respect I have developed through selling and test riding Woodrup bicycles."

Woodrup frame shop produces about 350 handmade frames each year.

FRAMESET—Reynolds 531 SL tubing throughout, beautifully hand constructed.

COMPONENT GROUP—Campagnolo Super Record.

WHEELS—Handbuilt TSDI wheels using Campagnolo low-flange hubs, Amrosio Elite DUREX Aero rims, Alpina 15G Aero SS spokes and Clement 2001/T tires.

FREEWHEEL/CHAIN—Regina CX 6-speed freewheel and CX chain.

HANDLEBAR/STEM—Cinelli VIP leather covered bar and 1/R stem color coordinated with the VIP saddle.

TOE CLIPS/STRAPS—Campagnolo steel clips and Binda EXTRA straps.

FRAME FINISH—Rich Burgundy paint with full chrome fork, half chrome rear triangle, and chrome head lugs as only the British can chrome.

WEIGHT—20.5 lbs.

WOODRUP SL FRAMESET

WOODRUP

Ten Speed Drive Imports, Inc.
"Number One Distributor of Professional Cycling Equipment"

Two generations of precision craftsmanship stands with every Woodrup bicycle and frameset. Stephen and Morris Woodrup produce only 300 handmade framesets annually, **true collectors items**, and Ten Speed Drive Imports® is exclusively apportioned 160 units for U.S. distribution. At TSDI™ we ensure the exact frame geometry of every Woodrup with our unique FRAME PREP™ process. The dramatic introduction of the TSDI FRAME PAINT™ process utilizing DuPont Imron® phase paints increases the appraisal of every Woodrup. Woodrup bicycles are the imperial choice for the racing contender as well as sport cyclists.

WOODRUP GIRO SPORT

A progressive English club frame for the earnest sport rider and touring enthusiast. Exclusively equipped with Campagnolo componentry and designed with a moderately tight wheelbase. Sleek racing angles and a full set of touring braze on's bridge the mentality of the racing animal and the occasional touring cyclist.
