

FUJI

No. 10 Edition

THE FUJI FACTORY

Building the finest bicycles in the world since 1899. The secret of a good bicycle is the construction and the care taken during the production process of the frame is the heart of a bicycle and FUJI's expertise in this area has been well attested by many satisfied customers over the years as well as being documented by the performance of its products in all types of competitions.

FUJI is always leading the industry with modern technology and innovations to assure its valued customers a product of the highest standards and unparalleled quality.

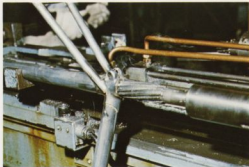

Automatic brazing machine

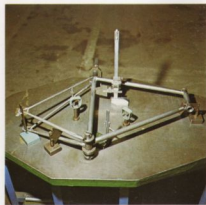

Hand brazing

Acid bath before painting

Milling machine for seat lug

Truing plate for every frames

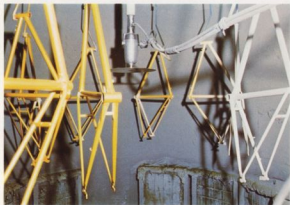

Automatic electro statics

Expert hand lining

Automatic wheel assembling machine

Automatic electro statics

Assembling plant

Victory Red

FUJI PROFESSIONAL

A no-frills, no-nonsense fourteen speed racing machine designed to transform every iota of its rider's strength and skill into performance. Frame sizes in 1 cm. increments from 52 to 64 cms.

Silver

FUJI NEWEST

While suitable for point-to-point road racing, the Newest represents the state of the art in fast, maximum performance day-tripping. 52, 55, 58, 61, 64 cm. frames.

Olympic Red

FUJI FINEST MARK II

Designed as a skilled amateur's racing machine, the Finest Mark II has a top quality competition frame equipped with race-proven but moderately priced components. A machine that can grow with its owner's skills. 52, 55, 58, 61, 64 cm. frames.

Rainbow Blue

FUJI AMERICA

The ultimate touring bike. A light, stiff, responsive frame matched to the best touring components available, and equipped with Fuji's exclusive 18-speed touring gearing to give peak performance under any conditions. 52, 55, 58, 61, 64 cm. frames.

Ebony

FUJI S12-S LTD

This Limited Edition of the world-famous S12-S has sealed bearing hubs and a double-buttressed chrome molybdenum main frame triangle, making it even more responsive as a fine touring machine. Men's 21", 23" and 25" frames.

Ice Blue

Brown

Ebony

FUJI S12-S

The standard by which other bikes have been measured for the past several years. Straight-gauge chrome molybdenum tubing frame matched to aluminum wheels, hubs and drive train components, and 12-speed gearing. Men's 19", 21", 23", 25" or Mixte 19" and 21-1/2" frames.
