TEAM FUJI

Quad-Butted CrMo main tubes, Fuji VALite® rear triangle and fork are built to a geometry based on the race proven Opus III, to make an unusually rigid yet comfortable racing frame. New SunTour Sprint componentry, complete sealed unit drivetrain and Fuji's exclusive 700CTR Dual Compound SCCR tires make the Team Fuji an exceptional performer as a triathlon or road racing machine. Available in Hi-Vis Yellow or Black Flamingo; finished off with contrasting paint schemes and components.

FUJI Design Series

Fuji is proud to announce its long-awaited Design Series Frame Program. These flawlessly Hand-crafted framesets are available in a competition proven Road Racing Series or the Mark Gorski Signature Series Track model.

The Design Series Framesets are constructed with Ishiwata's prestigious 019E Quaduple Butted Chrome molybdenum tubing, SunTour Superbe dropouts and an Investment Cast fork crown and bottom bracket shell. Our Fuji craftsmen hand braze, miter and file each and every frame with uncompromising attention to detail. After careful inspection, each frameset proceeds through a five coat finishing process, including a clear final coat, to produce a unique two-tone color scheme.

Experience the ultimate Fuji class today; enjoy the feeling forever.
