GET OUTSIDE AND RIDE

From our first steel touring bikes of thirty years ago to our trend-right bikes of today, Novara has been and always will be about making the best bikes, both for those with untold miles under their tires, and those ready to start. Whether you're a newbie, a joyful jaunter, a mission-driven commuter, a trail tamer, a road rat or an explorer crossing continents, our goal is to provide not only a bike you will ride, but a bike you will love. **Enjoy the ride.**

FLYBY

Fly to the store for groceries or to the train for your weekday commute. This fun, nimble folding bike has 7 smooth-shifting gears, is a blast to ride and stops on a dime. It folds up quickly, morphing into a lightweight, compact package that's easily carried on a bus or train. Worried about a greasy chain marring your pantleg? Don't be—the innovative coil chain cover smartly protects your leg from grit and grease. Oh, and FlyBy easily slides under a desk or into a closet for storage. Happy trails.

- 6061 aluminum frame is lightweight for portaging
- REVO twist shifters allow easy shifting
- Linear-pull brakes for quick stops and low maintenance

NOVARA TRANSPORTATION-MAINLINE BIKES are a great choice for commuters, urban riders and seekers of simplicity, functionality and fun. From the FlyBy to the Gotham, this family of bikes features low-maintenance internal gears that stay out of your way, and an upright riding stance for a broad field of view—crucial while navigating city streets. Built-in extras like fenders and racks mean you can jump on, get stuff done and still have fun.

GOTHAM

Ever wish shifting gears was a quieter, smoother operation? Meet the Gotham. It shifts smoothly and silently, thanks to a revolutionary internal hub called the NuVinci N360 CVP transmission. Better yet, it's easy: Subtly move your right wrist to change gears. It also sports a no-grease belt drive instead of a chain. Goodbye, greasy kerchunks. Hello, clean, quiet Gotham.

- Sturdy 4130 chromoly frame and fork
- NuVinci N360 CVP transmission
- Hub-powered Basta headlight; motion-/photo-sensitive battery-powered taillight

- All-weather Shimano CenterLock mechanical disc brakes
- Puncture-resistant, reflective 700x35c tires
- Sweptback Novara Mainline handlebar for a comfortable, upright riding position

TRANSFER

This is your go-to bike for every errand, jaunt and spin. The sturdy steel frame is comfortable and smooth-riding on the road, and 7 speeds easily roll through most urban terrain. You'll appreciate the lights and fenders when weather turns cranky; puncture-resistant tires shrug off pesky road debris. Attach bags to the rack and voilà! Say hello to your shiny new Sherpa.

- Sturdy 4130 chromoly frame and fork
- Shimano internally geared 7-speed drivetrain
- Hub-powered Basta headlight; motion-/photo-sensitive battery-powered taillight

- Shimano V-Brakes®
- Puncture-resistant, reflective 700x35c tires
- Sweptback Novara Mainline handlebar gives a comfortable, upright riding position

TRANSFER ONE

If you love to bike but want to keep it simple and worry-free, check out the Transfer One. It delivers the same smooth-rolling comfortable ride as the Transfer, but its clean lines and laid-back cruising style are all its own. With a single speed, a coaster brake, a rack and no cables or gears to get in the way of your ride, the Transfer One is a cruiser that works. Simple is good.

- Chromoly semi step-through frame
- Coaster brake and single speed simplifies maintenance
- Full-coverage alloy fenders and chainguard protect rider from dirt, water and grease

- Sweptback Novara Mainline handlebar for a comfortable, upright riding position
- Color-matched fenders, chainguard and rack
- Powder-coated rims add a spicy splash of color

ZEALO

If you like the swiftness of a road bike, but need a sturdier bike for commuting, Zealo is for you. Sturdy tires and hefty brakes paired with road-bike responsiveness deliver a quick, reliable ride that satisfies the demands of urban environs. Hang it all on a nimble aluminum frame, and you've got a fast, smooth bike that deftly handles the road so you can enjoy your commute, not micromanage it.

- Strong, lightweight butted 6061 aluminum frame is nimble yet sturdy
- Shimano Tiagra compact 20-speed drivetrain is lightweight and efficient
- Avid BB7 disc brakes stop on a dime
- Sturdy, street-worthy Weinmann rims spin fast-rolling 700cx28mm tires

BIG BUZZ

Go ahead, fly through the city like it's a ride in the park. This year's Big Buzz has a light, strong frame and hydraulic disc brakes for speedy spins and quick, secure stops. You'll feel confident as you crank through wide open streets or the cramped back alleys of the city. Its responsive aluminum frame and 27 speeds arm you to power through anything the streets dish up.

- 6061 aluminum frame and straight-blade fork give a nimble, stable ride
- SRAM crankset has 27 speeds for tearing through hills and valleys
- Tektro Auriga Pro hydraulic disc brakes for quick, sure stops in any weather
- Novara Mainline flat bar delivers an aggressive, efficient riding stance

BUZZ

Get to class, work or your beachside campsite in record time with the new-and-improved Buzz. Updated with mechanical disc brakes and riser handlebar, the 2013 Buzz helps you sail through the miles and navigate city streets and hard-packed trails with ease. You'll feel secure and comfortable on the smooth-riding steel frame; sturdy tires absorb bumps and patched-up pavement along the way. Twenty-four gears power you through tame or tough terrain.

- Double-butt 4130 chromoly frame and fork absorb road chatter
- SRAM Via trigger shifters and 24-speed drivetrain supply speed on the flats, easy climbing power for hills
- Tektro Aquila mechanical disc brakes deliver great performance in all weather
- Aluminum riser handlebar is lightweight and comfortable

BUZZ ONE

Swanky, whimsical and streamlined, this single-speed, steel-framed bike is for those who love to make a splash while having fun. Whether you spin around town or across campus, it's a smooth ride with even smoother style. A riser handlebar and 700c tires make it a fast, light ride. The white single-speed crankset, powder-coated deep-dish rims, aluminum chainguard and vintage-inspired saddle detail make it a classy one.

- Sturdy 4130 chromoly frame and fork absorb road chatter
- Single-speed drivetrain with flip-flop rear hub gives option to ride bike with a fixed gear
- Dependable Tektro linear-pull brakes
- Puncture-resistant 700cx40mm Kenda K-1024 tires

NOVARA ROAD BIKES help you answer the siren call of curvy, unending pavement with speedy, smooth and nimble designs. The smart combination of sport geometry, long-reach brakes and plenty of gears will keep you spinning past your personal goals, or flying toward your first century.

TRENTA

Chasing a personal best, you sprint past onlookers toward the finish line. Under you, Trenta's butted aluminum frame and carbon fork glide smoothly; Ultegra shifters and derailleurs shift seamlessly. Novara achieved a milestone recently, too, racing across the finish line of its 30th anniversary. The Trenta is its trophy. Now it's yours, too. Cheers!

- Strong, stiff Kinesium-butted aluminum frame with a tapered head tube; carbon fork with an alloy crown
- Ultegra shifters and derailleurs shift smoothly through 20 gears

STRADA

Get in on club rides and charity rides and keep in top shape with this fast, nimble bike. The strong, stiff aluminum frame is lightweight and responsive; the carbon fiber fork delivers a super-smooth ride. A compact 2-ring crankset is simple, lightweight and easy to maintain. Twenty speeds power you across varied terrain, whether you're gaining elevation or navigating downhill switchbacks.

- Butted 6061 aluminum frame is nimble yet lightweight
- Carbon fiber fork with tapered steerer tube deliver secure yet responsive steering
- Shimano 105 shifters and rear derailleur provide smooth shifting
- Tiagra 10-speed front derailleur and 12-30 cassette; Wippermann 10-speed chain
- Shimano long-reach brakes leave room for fenders

CAREMA PRO

Ready for club rides, charity rides and keeping in shape with a grin on your face? Put the Carema Pro at the top of your list. The strong, women-specific aluminum frame with sport geometry is lightweight and responsive; a carbon fiber fork delivers a buttery smooth ride. The 2-ring crankset is lightweight and easy to use and maintain. Twenty speeds power you smoothly up the hills and let you fly on the flats.

- Butted 6061 aluminum frame is nimble yet lightweight
- Carbon fiber fork with tapered steerer tube delivers secure yet responsive steering
- Shimano 105 shifters and rear derailleur for smooth shifts
- Tiagra 10-speed front derailleur and 12-30 cassette; Wippermann 10-speed chain
- Shimano long-reach brakes leave room for fenders

DIVANO

Complete a century, join club rides or just have fun getting in shape—the Divano is built for a variety of road riding. With a frame based on sport geometry, it delivers a relaxed riding stance and nimble, stable handling for any distance.

- 6061 aluminum frame with tapered head tube and a carbon fiber fork deliver an ultra-smooth, quick ride
- Shimano Sora 27-speed drivetrain; Tektro long-reach brakes leave room for fenders

CAREMA

The versatile Carema is designed for a variety of road riding from club rides to fitness workouts. Its women-specific frame with sport geometry delivers a relaxed riding stance and stable handling for long tours and short spins.

- 6061 aluminum frame with tapered head tube and a carbon fiber fork delivers an ultra-smooth, quick ride
- Shimano Sora 27-speed drivetrain; Tektro long-reach brakes allow room for fenders

EXPRESS

When you've got a long tour or a daily commute to tackle, consider getting the Express under your feet. With sport geometry that provides a relaxed riding stance, a flat bar for increased comfort and an aluminum frame/carbon fork for lightweight responsiveness, this bike is a perfect blend of comfort and speed for long-haul trips or daily rides.

- 6061 aluminum frame with tapered head tube
- Carbon fiber fork with a tapered, one-piece alloy crown steerer tube
- Shimano Deore/Alivio 27-speed drivetrain
- Shimano long-reach brakes allow room for fenders

EXPRESS xx

A women-specific frame with sport geometry delivers a relaxed riding stance that's perfect whether you've got a long tour or a daily commute to tackle. A flat bar maximizes comfort and an aluminum frame paired with a carbon fork serves up a lightweight, smooth ride. It's an ideal blend of comfort and speed for both long-haul trips and daily rides.

- 6061 aluminum frame is light and strong; tapered head tube
- Carbon fiber fork with a tapered, one-piece alloy crown steerer tube
- Shimano Deore/Alivio 27-speed drivetrain
- Shimano long-reach brakes allow room for fenders

NOVARABIKE.COM

FORZA | FIONA

Take in the scenery while you cruise with these sturdy, nimble and versatile bikes. As you glide along a road or veer onto a gravel path, you'll enjoy a comfortable, easy ride with front suspension and 24 speeds.

- Strong and light 6061 aluminum frame
- Suspension fork cushions the bumps of uneven roads
- Acera Rapidfire® shifters for easy gear changes
- Tektro linear-pull brakes for sure stops

NOVARA PATH & TRAIL BIKES are for those who yearn to roll around the neighborhood, glide through the park or revel in a rejuvenating Sunday spin around town. From the easy-riding Fiona to the Jaunt xx, the relaxed riding position, cushioned seats, plush tires, lightweight aluminum frames and no-hassle shifting make these comfortable bikes a joy to ride.

CORSA | MIA

Jonesin' to ride? Roll these bikes out of the garage, jump on and go. No need for a destination—the Corsa and Mia are smooth-riding, comfortable cruisers that are a joy to ride in the neighborhood or campsite or around town. An upright riding stance, low top tube for easy off-and-on, and sweptback handlebar are your recipe for laid-back, fast-rolling fun.

- Strong, lightweight 6061 aluminum frame
- Dependable drivetrain with twist shifters and 24 gears
- Linear-pull brakes control speed
- Comfortable upright handlebar

JAUNT | JAUNT XX

Ever wanted to put your feet down at a stop without rocking between one and the other or tipping the bike to one side? Consider a Jaunt. Its Best Foot Forward design lets you put your feet down at a stop, and you can even climb hills without sliding off the saddle. P.S. Jaunt xx has a narrower handlebar and better fits a woman's proportions.

- Best Foot Forward geometry for easy cruising
- Sturdy and stable 6061 aluminum frame
- 24 speeds take you where you want to go
- Dependable linear-pull brakes

GET EXPERT ADVICE ABOUT THE BIKING LIFE AT NOVARABIKE.COM

OFF-ROAD

◀ INTREPID

When the terrain demands your full attention, the Intrepid's 29" wheels turn sweaty-palmed descents into sweet adventures. You'll appreciate the butted steel frame and cushy suspension fork that absorb the jarring of roots and rocks. The 20-speed drivetrain simplifies shifting, shaves weight and delivers the gear range you need for off-road adventuring. Disc brakes stop with trusty authority.

- Reynolds 520 butted chromoly frame; RockShox Recon Gold fork with 80mm travel and lockout
- SRAM X7/X9 drivetrain with 20 gears; Shimano M505 hydraulic disc brakes

▲ PONDEROSA 29

If you're looking for a trail tamer, the Pondo 29 will do the job nicely. Its big wheels, 80mm suspension fork and 20 speeds let you adjust to conditions while you navigate the terrain. The updated hydraulic disc brakes let this bike take on the nastiest of trails and get you home in time for dinner.

- Double-butted aluminum frame; Suntour fork with 100mm travel soaks up the bumps
- SRAM X7 drivetrain with 20 gears; Tektro Auriga Pro hydraulic disc brakes for reliable stops

NOVARA OFF-ROAD BIKES are made to roll over roots, climb hard and tame snaky trails. They all sport mountain-worthy frames and trail-tough components to conquer the rough stuff in your path.

MATADOR 29

When winding singletrack and washboard trails beckon, give the Matador 29 a good look. This nimble and responsive off-road bike is now outfitted with hydraulic disc brakes for sure quick stops. The elegant alloy frame sports a strength-enhancing S-bend down tube, and Suntour XCR forks and burly tires tame the trail.

- Butted aluminum frame with shaped tubes
- SR Suntour XCR MLO 29er fork offers 80mm of travel
- SRAM drivetrain with X5 shifters
- Tektro Gemini hydraulic disc brakes
- Lightweight WTB Nano 29x2.1" tires roll right over big stuff
- WTB Pure V Sport saddle

MADRONA 29

The all-new Madrona 29 is an obstacle-loving 29er built especially for women. When winding singletrack and washboards beckon, give this mountain machine a good look. This nimble and responsive off-road bike is now outfitted with hydraulic disc brakes for sure quick stops. The elegant alloy frame sports a strength-enhancing S-bend down tube, and Suntour XCR forks and burly tires tame the trail.

- Butted aluminum frame with shaped tubes
- SR Suntour XCR MLO 29er fork offers 80mm of travel
- SRAM drivetrain with X5 shifters
- Tektro Gemini hydraulic disc brakes
- Lightweight WTB Nano 29x2.1" tires roll right over big stuff
- WTB Pure V Sport saddle

**TRY YOUR PERFECT RIDE
AT OVER 100 REI STORES
NATIONWIDE**

TORERO 29

For trail-riding, off-road riding and even commuting, this value-loaded, nimble 29er is a comfortable bike that performs nicely both on the trail and off. You'll appreciate the cushy suspension fork (with lockout) that mutes bumpy rocks and roots, 27 gears that tackle steep hills and disc brakes for navigating those tricky switchbacks or shared bike paths.

- 6061 aluminum frame
- SR Suntour XCM 29er suspension fork with 80mm of travel and lockout
- Shimano Acera/Alivio 27-speed drivetrain
- Shimano mechanical disc brakes and levers
- WTB Nano Comp 29x2.1" tires
- Weinmann double-wall rims to handle bumpy, uneven surfaces

BONITA

Hop on a trail or bike path and you'll immediately notice the nimble handling of the women-specific Bonita. Toss in a cushy fork that you can choose to deactivate, 27 gears and disc brakes and you're in for years of dependable fun. And just to make it extra awesome, the Bonita's frame incorporates the down tube "S" bend found on Novara's big-rolling 29ers, just for a touch of added stiffness and strength.

- 6061 aluminum frame is designed to work best with women's dimensions
- SR Suntour XCM suspension fork with 80mm of travel
- Shimano Acera/Alivio 27-speed drivetrain
- Shimano mechanical disc brakes and levers
- WTB Nano Comp 26x2.1" tires
- Weinmann double-wall rims to handle bumpy, uneven surfaces
- WTB Speed She Sport saddle

PORTAL

Ride trails or roll across campus on the 24-speed Portal. A sturdy aluminum frame, bump-absorbing suspension fork and versatile tires give you the option to ride trails, city streets or pull a trailer around the neighborhood. An upright position and plush saddle keep you rolling in comfort. Portal is an inviting ride for city/recreational riders who might want to wander off roads to explore.

- Sturdy yet lightweight aluminum frame
- SR Suntour suspension fork with 100mm travel
- 8-speed drivetrain with trigger shifters
- Linear-pull brakes
- Mounts allow for a mechanical disc-brake upgrade
- Kenda 26x1.95" combo tires for a confident ride on pavement, gravel or dirt
- WTB Comfort V Sport saddle

ORDER YOUR FAVORITE NOVARA BIKE ONLINE
AND HAVE IT SHIPPED TO YOUR LOCAL REI

PIKA

Explore trails, spin along bike paths or roll across campus with the women-specific, 21-speed Pika. It sports a sturdy aluminum frame, bump-absorbing suspension fork and versatile tires, so you'll be as comfortable on the trail as on city streets. The frame is designed to work optimally with women's dimensions and delivers a relaxed, upright riding position. The super-plush saddle seals the deal.

- Sturdy yet lightweight women-specific aluminum frame
- SR Suntour suspension fork with 80mm travel
- 8-speed drivetrain with trigger shifters
- Linear-pull brakes
- Mounts allow for a mechanical disc-brake upgrade
- Kenda 26x1.95" combo tires for a confident ride on pavement, gravel or dirt
- WTB Leisure She Comp saddle

TOURING

NOVARA TOURING BIKES are dialed-in for big miles with smooth-riding steel frames, sturdy tires and comfortable cockpits, so you can focus on the small stuff: a breath-taking sunrise, the smell of juniper on a desert trail or an unexpected watering hole alongside the road. Happy travels.

GET GEAR AND CLOTHING FOR THE LONG HAUL AT NOVARABIKE.COM

VERITA

Embark on light tours, long rides or start looking forward to your daily commutes again. A smooth-riding, quick bike with a comfortable stance, the Verita is a handy combination of touring, road and commuter bikes. A Reynolds 520 butted chromoly frame and fork deliver a comfortable ride, plus it's loaded with accessories that'll make epic rides easier, like polished alloy fenders that protect against road grime. If a little bling's your thing, a white drivetrain, synthetic leather saddle and handlebar tape make it a head-swiveling traveling machine.

- Butted Reynolds 520 steel frame and fork
- SRAM Apex 20-speed drivetrain
- FSA Vero compact 50/34 crankset; 20 speeds
- Synthetic leather saddle and handlebar tape
- Shimano long-reach brakes

RANDONEE

If you're looking for a touring bike that loves the road and goes the distance, say hello to your new road warrior. A smooth-riding steel frame and touring fork paired with fast-rolling, sturdy wheels haul your gear while keeping you comfortable. A ten-speed drivetrain and triple crankset deliver the gear range to climb mountain passes and descend deep valleys while reducing bike weight and simplifying maintenance.

- Reynolds 520 double-butted chromoly frame; lugged chromoly touring fork
- Stable, long wheelbase with low center of gravity
- Fender-compatible Tektro mini V-brakes and levers
- Puncture-resistant 700cx32mm tires and robust rims for dependable rolling

SAFARI

Planning a cross-continent trip or a ride over tough terrain? Load up the Safari and let it roll over washed-out trails, barely-there roads and dried-up gravel beds. This workhorse loves dusty, rocky terrain and stays steady on rain-soaked city streets. It's spec'd with easily maintained Shimano V-brakes with the option of switching to disc.

- Reynolds 520 chromoly frame and chromoly fork
- Shimano Deore 27-speed drivetrain with Shimano crankset
- SRAM Attack twist shifters
- Shimano Deore V-brakes; upgradeable to mechanical disc brakes
- Includes a rear rack to mount panniers (sold separately)
- For a precise fit, S has 26" wheels; M, L and XL have 700c wheels

PULSE

Smooth tires, a drop handlebar and 16 gears—all in a kid-sized package—help keep blossoming young roadies spinning efficiently toward the finish line.

- 6061 aluminum frame
- Shimano 16-speed drivetrain

ZIPPER BALANCE BIKE

NOVARA KIDS' BIKES give the li'l riders a reason to grin. Built kid-tough sturdy, they can be passed down to a younger child when the first rider outgrows the bike. Eye-catching colors and graphics, rugged components and easy-to-straddle frames guarantee years of two-wheeled fun.

AFTERBURNER

Kids just want to have fun! Give 'em more of it with Novara's pedal-along trailer for kids. It has a sturdy steel frame and an easy-to-use hitch that attaches to an adult bike. An adjustable seat and handlebar help it fit kids of all sizes, and a single-speed drivetrain keeps pedaling easy for little riders.

- Steel frame with tool-free folding mechanism
- Single speed simplifies pedaling
- Hitch attaches to a variety of bikes; it's easy to move from bike to bike
- Adjustable seat and handlebar for kids of all sizes
