You've got your Novara bike, now complete the ride with sweet Novara gear and threads. For casual trips across campus, neighborhood errands and jaunts into town, Novara offers a full line of street-savvy clothing that fits right into a 2-wheeled lifestyle. You'll look sharp and stay comfortable in the saddle with reflective highlights, U-lock holsters, weather-resistant fabrics, and a fit designed for pedaling. And when it's time for a fitness ride or work-day commute, we've got that covered, too, with weather-tough, performance clothing and accessories.

SEE IT ALL AT NOVARABIKE.COM

NOVARA
BICYCLES

Turns out, it's often the smallest roads that lead to the biggest adventures.

When you find yourself ducking into an alley for a shortcut, screaming down a ribbon of unexplored singletrack or taking in the sights on a newly discovered urban path, Novara bikes make unexpected roads a reason to enjoy the ride. Choose the adventure. We've dialed in the details to make your ride great.

URBAN

Built to handle the quick starts and stops of city riding, our sleek, nimble **urban** bikes are fun and comfortable designs for occasional riders to seasoned commuters.

GOTHAM

NuVinci N360 Continuously Variable Planetary (CVP) rear hub glides smoothly to the right gear

Grease-free Gates Center Track Belt

USB-rechargeable Lezyne front light

"N Dock" mount for Novara Barrow Basket, sold separately

Lighter and brighter in 2014, Novara's revolutionary urban cruiser now has an aluminum frame and rechargeable Lezyne front light. Powered by a grease-free Gates belt drive and a quiet NuVinci internal hub, the Gotham offers a low-maintenance, nearly silent ride on city streets.

ARKHAM

Quiet Gates CDC carbon belt drive means no grease on pant legs

Low-maintenance SRAM iMotion3 internal hub

Rear rack accepts panniers or trunk bags

"N Dock" mount for Novara Barrow Basket, sold separately

An easy-riding urban bike, Novara's new Arkham features no-fuss internal gearing and a low-maintenance Gates carbon belt drive that won't get pant legs greasy. With a rear rack that's pannier-ready, the Arkham is perfectly adapted to city riding.

BARROW BASKET

Built to carry 20 lbs. of groceries or other essentials, the Barrow Basket attaches to the Gotham or Arkham via the built-in N-Dock system. Head-tube mounted design keeps the load stable during turns, and included stretchy cargo net corrals bulky loads.

BARROW

24 speeds for tackling hilly streets and paths

Disc brakes stop securely, even when it's wet

Double-leg kickstand means parking is easy

Includes heavy-duty aluminum basket and rear rack

The Barrow is Novara's first cargo bike, made to deftly transport loads with its built-in basket and rear rack. A workhorse with a sturdy chromoly frame and 24 speeds for steep grades, the Barrow makes gear-hauling errands a great reason for a ride.

BIG BUZZ

6061 aluminum frame and straight-blade fork give a nimble, stable ride

SRAM crankset with 27 speeds

Tektro Auriga Pro hydraulic disc brakes

700x32c Kenda K 184 combo tires with reflective sidewalls and Kevlar® puncture protection

This urban steed features a light, strong frame and all-weather hydraulic disc brakes. A flat bar, 27 speeds and sturdy tires lend a hand to take control of the wide open streets and narrow back alleys of the city.

ZEALO

Strong, butted 6061 aluminum road frame

700x28c tires absorb road chatter

Shimano Tiagra compact 20-speed drivetrain

Avid BB7 road disc brakes

Sturdy, street-worthy Weinmann rims

Take the versatility of a commuter bike and infuse it with the sportiness of a road bike and you get Zealo. With sturdy tires, stout brakes and 20 speeds, the Zealo is a quick, reliable ride that easily maneuvers through city streets or winding rural roads.

**FIND YOUR PERFECT RIDE
AT OVER 100 REI STORES
NATIONWIDE**

BUZZ®

Butted 4130 chromoly frame and chromoly fork

SRAM X4 drivetrain with trigger shifters and 24 speeds

Tektro Aquila mechanical disc brakes

Kevlar belted tires stand up to tough urban streets

The Buzz® offers 24 speeds and beefy tires to tackle varied urban terrain. The sturdy, smooth-riding chromoly design is also outfitted with mechanical disc brakes and a performance-oriented riser bar.

FLYBY

Aluminum frame, handlepost and hinge

Shimano Nexus 7-speed internal drivetrain with REVO twist shifters

Folds in seconds; magnets keep it folded

Schwalbe Citizen 20" x 1.5" tires (reflective)

Biologic (coil) chainguard

The Novara FlyBy is a nimble, take-it-everywhere folding bike. Lightweight yet sturdy, it has 7 internal gears and a protective coil chainguard. Ride it, fold it, then stash it in the trunk, closet or office.

PATH

Tool about town, cruise around the campsite or bring dinner home with Novara's sturdy, stable-yet-nimble path bikes. Featuring an upright ride, easy shifting and a cushy seat, these bikes are made to roll in comfort and style.

MIA | CORSA

Strong, lightweight 6061 aluminum frame

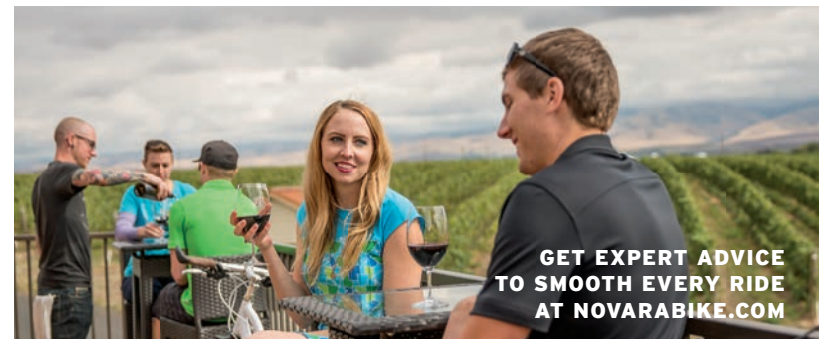

Dependable drivetrain with twist shifters and 24 gears

Linear-pull brakes control speed

Comfortable upright handlebar

Corsa and Mia are smooth-riding, comfortable cruisers that are a joy to ride around camp or town. An upright riding stance, low top tube for easy off-and-on, and sweptback handlebar are your recipe for fun. The women's Mia has a step-through frame so you can hop on easily.

TO SMOOTH EVERY RIDE
AT NOVARABIKE.COM**

FORZA | FIONA

Strong and light 6061 aluminum frame

Suspension fork cushions the bumps of uneven roads

Altus Rapidfire® shifters for easy gear changes

Tektro linear-pull brakes for sure stops

Take in the scenery while you cruise with these sturdy, nimble and versatile bikes. Glide along a road or veer onto a gravel path, and enjoy a comfortable, easy ride with front suspension and 24 speeds. The women's Fiona has a step-through frame so you can hop on easily.

JAUNT XX

Best Foot Forward geometry for easy cruising

Sturdy and stable 6061 aluminum frame

24 speeds take you where you want to go

Dependable linear-pull brakes

Our women's Jaunt XX sports the Best Foot Forward design that lets you put your feet down during stops without stepping off the saddle. An aluminum frame and sturdy chromoly fork deliver a light, nimble ride.

KIDS' BIKES

Give the lil' riders a reason to grin with eye-catching colors, cool graphics and easy-to-straddle frames. Plus, every Novara kids' bike is built tough for long-lasting fun to pass down from child to child.

PONDEROSA® 24

6061 aluminum frame is light and responsive

Disc brake mounts offer an easy upgrade option

SR Suntour SF11 XCR suspension fork

Tektro linear-pull brakes manage speed with ease

Kenda Small Block tires supply great all-around traction

Built for bigger kids and smaller adults, this lightweight off-road steed comes fully equipped to take to the trails at a full gallop.

AFTERBURNER 2.0

Steel frame with tool-free folding mechanism

Hitch attaches to a variety of bikes

Single-speed drivetrain simplifies pedaling

Adjustable seat height makes it easy to fit kids of all sizes

Get an extra receiver hitch (sold separately) to make it quick and easy to switch from bike to bike

With an upgraded folding design for 2014, Novara's steel-frame, pedal-along trailercycle is easy to use and easy to store. Hitch for adult bike is easy to attach. Seat height adjusts to fit kids of varying sizes; single-speed drivetrain keeps things simple.

OFF-ROAD

Climb steep singletrack, descend winding trails or navigate scree. Whatever the activity, Novara's off road bikes handle it with sturdy frames, forgiving front suspensions and beefy wheels. Find your trail challenge. Novara has the bike.

ALSO AVAILABLE IN GREEN

PONDEROSA® 27.5

- Suntour XCR air fork with 100mm travel absorbs big bumps
- 6061 triple-buttressed aluminum frame
- Tektro Gemini hydraulic disc brakes provide superior stopping power on wet and muddy trails
- SRAM X7 drivetrain

The Ponderosa® 27.5 offers a big-wheeled experience for riders who don't quite fit a 29er. The 27.5" tires weigh less and corner better than 29" wheels yet roll easily over obstacles.

PONDEROSA® 29

- Butted aluminum frame with shaped tubes
- SR Suntour Raidon Lo Air 29er fork features hydraulic lockout; 100mm of travel
- SRAM X7 drivetrain
- Lightweight WTB Nano 29x2.1" tires offer 60TPI casing, folding bead and fast-rolling traction

With mondo wheels to roll over obstacles and remote lockout for the 100mm suspension fork, Pondo makes it easy for riders to adjust to the flow of trails.

MADRONA 29

- Butted aluminum frame with shaped tubes
- SR Suntour XCR LO 29er fork; 80mm of travel
- Tektro Gemini hydraulic disc brakes
- SRAM X5 drivetrain
- Lightweight WTB Nano 29x2.1" tires offer 60TPI casing, folding bead and great traction

The Madrona 29 is an obstacle-eating 29er built especially for women. Responsive, nimble and outfitted with hydraulic disc brakes, its sturdy frame, Suntour XCR fork and burly tires tame the trail.

MATADOR 29

- Butted aluminum frame with shaped tubes
- SR Suntour XCR LO 29er fork (80mm of travel)
- Tektro Gemini hydraulic disc brakes
- SRAM X5 drivetrain
- Lightweight WTB Nano 29x2.1" tires offer 60TPI casing, folding bead and great traction

This big-wheeled 29er fun machine is responsive, nimble and outfitted with hydraulic disc brakes. With a stout frame, Suntour XCR fork and burly tires, the Matador 29 tames whatever the trail dishes up.

The Torero is a value-loaded 29er for tackling snaky singletrack. It features an 80mm suspension fork for bumpy rocks and roots, 27 speeds to tackle steep hills and updated hydraulic disc brakes for stopping power.

TORERO 29

- Rugged 6061 frame designed for off-road riding
- SR Suntour XCM suspension fork with 80mm of travel
- Shimano Acera/Alivio 27-speed drivetrain
- Tektro hydraulic disc brakes

The Bonita is a tough, no-frills mountain machine with a women-specific fit. With a nimble aluminum frame, 27 speeds and fork with 80mm of travel, it's primed to hit the trails.

BONITA

- Rugged 6061 aluminum frame
- SR Suntour XCM suspension fork with 80mm of travel
- Shimano Acera/Alivio 27-speed drivetrain
- Tektro hydraulic disc brakes

Portal takes well to the streets, gravel path or trail. With a comfort saddle, upright positioning and front suspension, this is an inviting bike for city/recreational riders who want to wander off roads to explore.

PORTAL

- Aluminum frame features disc brake mounts for an easy upgrade from linear pulls
- SR Suntour suspension fork with 100mm of travel
- SRAM X3 drivetrain
- Kenda combo tires for a confident ride on pavement, gravel or dirt

A women's bike that's built for cruising along the street, path or trail, the Pika features an easygoing upright ride, a comfort saddle and a shock-absorbent fork.

PIKA

- Aluminum frame features disc brake mounts for an easy upgrade from linear-pulls
- SR Suntour XCM suspension fork with 80mm of travel
- SRAM X3 drivetrain
- Kenda combo tires for a confident ride on pavement, gravel or dirt

OFF-ROAD

ROAD

Long spins across state lines, swift commutes to work or recreational rides with friends: Novara road bikes do it all. With a focus on fitness riding, these bikes combine speed-loving geometry, quality components and comfortable cockpits.

ORDER YOUR FAVORITE NOVARA BIKE ONLINE
AND HAVE IT SHIPPED TO YOUR LOCAL REI

TRENTA

Strong, stiff triple-butted aluminum; tapered head tube

Carbon fork with 1-piece alloy crown

Ultegra shifters, derailleurs for seamless shifting

American Classic Victory 30 wheelset

Updated for 2014 with a lightweight and super-smooth American Classic Victory 30 wheelset, the Trenta is Novara's top-of-the-line road bike. A triple-butted aluminum frame and carbon fork paired with Ultegra shifters and derailleurs make for a fast, smooth ride.

STRADA®

Butted 6061 aluminum frame; tapered head tube

Carbon fiber fork with tapered alloy steerer tube

Shimano 105 drivetrain

Tiagra 12-30 cassette and 10-speed chain

Shimano long-reach brakes; room for fenders

The Strada® features a stiff butted aluminum frame and carbon fiber fork to provide a quick, smooth ride. The compact 2-ring crankset is lightweight and easy to maintain; 20 speeds power through centuries and fitness rides.

CAREMA PRO

Butted 6061 aluminum frame; tapered head tube

Carbon fiber fork with tapered alloy steerer tube

Shimano 105 drivetrain

Tiagra 12-30 cassette and 10-speed chain

Shimano long-reach brakes; room for fenders

This do-it-all road bike for women has a stiff butted aluminum frame, carbon fiber fork plus compact 2-ring crankset that provide a quick, smooth ride for training, centuries or fitness. Same component set as Strada.

CAREMA | DIVANO

6061 aluminum frame
with tapered head tube

Carbon fiber fork with a
tapered alloy steerer tube

Shimano Sora drivetrain;
27 speeds

Tektro long-reach brakes
leave room for fenders

The Divano and women's Carema are ideal for a century as well as club rides, joyrides and fitness. Sport geometry provides aerodynamic efficiency as well as a comfortable, relaxed riding stance and stable handling.

EXPRESSxx | EXPRESS

6061 aluminum frame
with tapered head tube

Carbon fiber fork with a
tapered alloy steerer tube

Shimano Deore/Alivio * * *
27-speed drivetrain

Shimano long-reach brakes
allow room for fenders

For a weekend ride or workday commute, the sport-road geometry and flat bar with ergonomic bar ends on our Novara Express® bikes dish out a comfortable ride. Express XX is proportioned for women.

ZENO

Nimble 6061
aluminum frame

650c wheels for
smaller riders

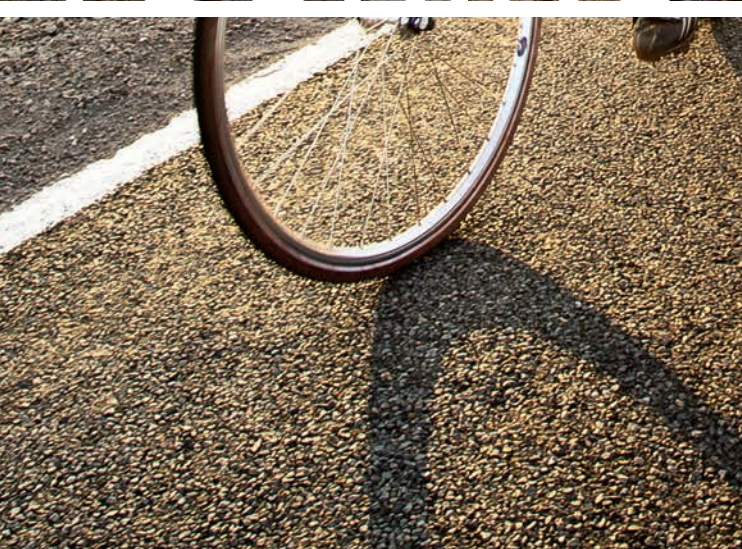

Chromoly fork

Shimano drivetrain shifts
quickly through 16 gears

Plush saddle offers
excellent comfort

Built to fit small adults and teens, the Novara Zeno's speedy design is slightly smaller than a full-size road bike. A 6061 aluminum frame, chromoly fork and 16-speed Shimano drivetrain make for a quick ride that's ready to roll.

Novara touring bikes are dialed in for big miles! Smooth-riding steel frames, sturdy tires and comfortable cockpits enhance the important things: a breathtaking sunrise or an expansive view of picturesque vineyards.

**GET GEAR AND CLOTHING
FOR THE LONG HAUL
AT NOVARABIKE.COM**

VERITA

Butted Reynolds 520
steel frame and fork

SRAM Apex 20-speed
drivetrain

Puncture-resistant
Schwalbe Marathon tires
with reflective sidewalls

Polished aluminum fenders

A road bike that's ideal for light touring, the Verita sports a streamlined 20-speed drivetrain for a gear range comparable to a triple. It makes for easy spinning and a smooth, comfortable ride on light tours, commutes and long weekend rides.

RANDONEE®

Stout Reynolds 520 double-
butted chromoly frame

SRAM bar-end shifters

Wide gear range is ideal
for touring

Puncture-resistant 700x32c
tires paired with robust rims for
dependable rolling

Rear rack accepts panniers,
sold separately

The original Novara over 30 years ago was a Randonee® touring bike. We've given this one a smooth-riding chromoly steel frame, 30-speed drivetrain and steady wheelbase for smooth-riding journeys across town or continent.

SAFARI

Nimble 6061
aluminum frame

Size S has 26" tires
for smaller riders

Sizes M, L, XL have 29"

Shimano drivetrain shifts
quickly through 27 speeds

Plush saddle offers
excellent comfort

Safari is a mountain-bike/touring hybrid that can handle dirt roads and heavy loads. Spec'd with easily maintained Shimano V-Brakes®, it's set up for the option to switch to disc. For a dialed-in fit, size S sports 26" tires; sizes M, L and XL have 29" tires.
