the best folding bike available.

REACH

sleek new design.
extraordinary new features.

We kept all the best aspects—full-size bike geometry and handling, rigid triangular structure, efficient pedalling, fast acceleration—and added front and rear discs, an all-new suspension design, better foldability, and much more to create the best REACH ever. It's faster, lighter, stronger and more fun.

R20

pure style. unmatched performance.

Available with drop (R20) or flat (T20) handlebars, REACH offers you freedom to explore new boundaries with the robust performance of a 'true' bicycle coupled with the convenience of a folder.

REACH DNA. built for speed.

Full size geometry ▲

Riding position, main geometry, frame structure and feel of stability are identical to a full size bike.

Rigid triangular frame

The only folding bike with a triangular frame design and oversize down tube to achieve maximum frame rigidity.

Zero momentum/URT

Provides rigidity and constant chain tension to eliminate the "pogo" effect, allowing maximum pedal efficiency, responsive feedback and superb handling.

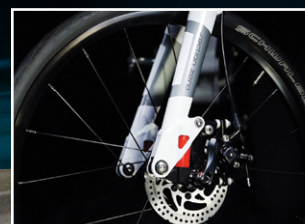

Vibration damping suspension

Front and rear PU suspension smooths out the rough and provides a comfortable ride whatever the terrain.

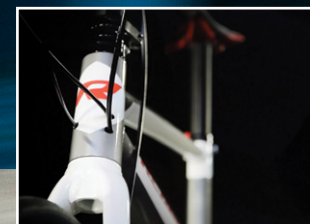

Fast and responsive

20" wheels offer fast and easy startup, quick and smooth acceleration with lower air resistance.

Internal cable routing

No mess of cables to ruin the look of the bike, everything is thoughtfully run inside the frame and out of the way.

adaptable design. winning features.

Suspension adjustment

Front suspension is easily adjusted with an Allen key. Rings can be added to rear suspension to increase or decrease travel.

New front fork design

Revolutionary Trailing Link suspension design with disc brake system and 4-bar linkage anti-dive performance.

Front and rear discs

Full disc brakes now come standard on every REACH, providing serious stopping power whatever the weather.

killer new looks.

Full fold
74cm(L) x 40cm(W) x 56cm(H)

Intuitive folding lock

A simple and effective pull-and-snap locking design provides single action instant folding and unfolding.

Quick fold
99cm(L) x 21cm(W) x 60cm(H)

Front wheel holder

Smart front wheel storage design is intuitive, simple, looks good and saves space.

the origami factor.

We made this REACH the most collapsible ever, without sacrificing any of the stiffness, frame strength and handling that the bike has become famous for. Two methods of folding are available—quick folding and full folding.

Travel case ▲

Perfect for international travel, shipping, and luggage check in.

Dimensions:
60cm(W) x 30cm(D) x 75cm(H)

Rear suspension PU ▼

- Hard 95D (green)
- Standard 90D (red)
- Soft 80D (yellow)

Rear suspension adjustment rings ▼

Converts rear suspension to 100% mode, 50% mode or hardtail mode.

- Aluminium
- Anodized colour
- Customized laser logo

accessorize your REACH.

Rear carrier

Carry more stuff with you.
Max. load: 15kg

specifications

Model	R20	T20
Frame	REACH AL7005 full suspension frame w/unified rear triangle	
Color	Galaxy grey/Frosty white	
Front suspension	Trailing Link 15mm PU adj. rebound suspension	
Rear suspension	30mm PU adj. suspension	
Headpost	REACH headset semi-integrated headset top:1-1/8" bottom: 1-1/4" black	
Seatpost	AL 7075 34.9x380mm anodized black	
Tire	Schwalbe Durano 20x1-1/8" [28-45] 115PSI	Primo Comet 20x1-3/8" [28-45] 85PSI
Rim	Kin Lin NB-RX20 20x1-1/8" F: 20H R: 24H FV	Alex DA-22 20x1-3/8" F: 24H R: 24H FV
Front hub	REACH exclusive 2-bearing disc brake hub 15mm QR axle OLD:100mm	
Rear hub	REACH exclusive 4-bearing disc brake hub 9T OLD:135mm	
Chainwheel	REACH 53/39T 170mm	REACH 50/34T 170mm
