intro

IN 1973 GARY TURNER SAT DOWN IN HIS GARAGE, WELDING TORCH IN HAND, AND PROCEEDED TO SET THE BMX WORLD ON FIRE. NOW, 19 YEARS LATER, GT AND DYNO ARE TURNING THAT FIRE INTO A RAGING INFERNO.

EVER SINCE THAT FIRST FRAMESET IN '73, GT AND DYNO HAVE BEEN THE STANDARD BY WHICH ALL OTHERS ARE MEASURED. WE BUILD BIKES THAT ARE LIGHT, STRONG AND WICKEDLY FAST. BMX AND FREESTYLE BIKES THAT FEATURE ONLY THE MOST ADVANCED TECHNOLOGY, AND THE LATEST IN TRICK COMPONENTRY. BICYCLES THAT EXCEED YOUR EXPECTATIONS.

AT GT AND DYNO, WE RACE TO LEARN. UNFORTUNATELY FOR SOME, WE LEARN QUITE FAST. GT AND DYNO FACTORY TEAMS HAVE CAPTURED COUNTLESS NUMBER 1 BMX AND FREESTYLE TITLES. INCLUDING THE '87, '88, '89, AND '90 NBL TEAM AWARD, '90 ABA TEAM AWARD, AND A CLEAN SWEEP OF THE '89 AND '90 NORA CUPS. WHEN IT COMES TO BICYCLES, WE KNOW WHAT WORKS. ENDLESS DAYS AND NIGHTS ARE SPENT RIDING, TESTING, AND REFINING EVERY PRODUCT WE MAKE. IT IS THIS OBSESSION WITH PERFECTION THAT HAS MADE GT AND DYNO THE LEADERS IN BMX AND FREESTYLE. 1992 WILL BE NO DIFFERENT.

GT AND DYNO. INNOVATION THAT WORKS.

PRO SERIES TEAM Personal ride of Gary Ellis. More number 1 titles than any other bike. • Made in the USA 4130 True Temper® chromoly GT frameset with XL geometry • Made in the USA 3-piece Power Series cranks and sprocket with Power Series Double Cage pedals • GT Megabite tires designed by Tom Ritchey • Sun alloy rims with smooth sealed bearing GT hubs • GT Pro bars and Pro Series stem • Odyssey Pitbull brake, and Sedis Sport chain • Comfortable GT padded saddle with replaceable bashguards • Available in chrome plate

PRO SERIES JR Built for the up and coming champion. • USA made lightweight 4130 True Temper® chromoly frame and fork • Sugino GT 165mm cranks with GT Power Series pedals • GT Jr. alloy handlebars with ultra light GT Pro Series mini alloy stem • DiaCompe alloy brake with DiaCompe Tech-3 lever • Lightweight 1-piece seat and seat post • Chrome

MACH ONE Ready to ride. Ready to shred.

Ready to win. • USA made full chromoly frame • GT Pro design fork and handlebar • GT Power Series 1-piece chromoly crank with GT Double Cage pedals • Odyssey Pitbull brakes and Sun alloy rims • Chrome, black, blue, or yellow

INTERCEPTOR The killer ride. Ready for

anything. • GT BMX racing frame design with pierced top tube, and head tube reinforcement collars • Odyssey Pitbull II brakes, alloy rims and ACS alloy hubs • GT BMX handlebars • Polished alloy stem • GT heat treated cranks and GT Double Cage BMX pedals • GT chromoly seat post, alloy seat post clamp, and nylon BMX saddle • Chrome, black, blue flash, or electric red

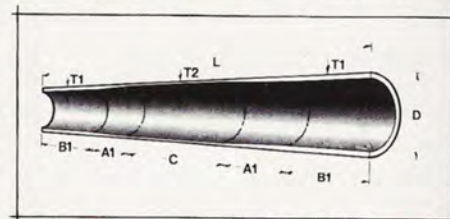

MINI MACH ONE Perfect for young racers ready for high performance. • USA made chromoly frame and fork • Powerlite Mini handlebar • Alloy sidepull brake with DiaCompe Tech-3 lever • Chrome or yellow

POWERFUL. Fast. Dialed. GT Elite BMX framesets are setting a new standard by which all other chromoly sets will be measured. GT Elite framesets are handcrafted in the USA with 100% heat treated True Temper® double-butt tubing. Double-butting enables us to create a frameset that is super lightweight and incredibly strong. Finish: The chroming on the Elite framesets is true art in motion. Extra care is taken to assure you that the finish on the Elite framesets is second to none. After years of research and development GT is proud to present a full line of race proven, track dialed Elite framesets. Available in XL, Pro, Jr., Mini and Micro. Every GT Elite frameset is designed with one thing in mind. Winning.
