MOUNTAIN FRS

+ QUAD XLT

Superstar sales rep Elladee Brown testing a prototype of the the new Quad XLT in Whistler, B.C.

FREERIDE SUSPENSION INNOVATION

Grown from a seed planted in Whistler BC, the QUAD XLT was cultivated in the varied terrain of Northern California. Its aggressive handling characteristics will soak up the big hits and roll the technical obstacles, while maintaining the ability to pedal back up to do it all over again.

+ QUAD XLT

+ We have built the longer travel QUAD XLT for improved handling and control in extreme conditions. Extensive testing and R&D have resulted in the new 6.9" travel QUAD XLT. Pedal the climbs and attack the big hits like never before.

2006 MARIN BIKES LIMITED WARRANTY

We take every precaution to insure the longevity, strength and quality of your Marin[®] bicycle. We are sure that with proper care, your Marin[®] bicycle will give you many years of riding pleasure. It is important that you are aware that bicycle riding has risks and you can decrease those risks by riding responsibly. Many of our bikes are designed for off-road use. However, it is not to be implied or assumed that our bikes are designed for all types or areas of off-road use. Our mountain bikes are designed for traditional fire road and trail riding, not Extreme use. Our road, city and comfort bikes are designed for traditional paved road riding. By using your Marin[®] bicycle responsibly and in the appropriate manner for which it was designed, you will have many safe riding experiences. However, Marin[®] frames and components do have a limited and finite service life. The length of time a frame or part will last is dependent on the construction and materials used in that frame and or component and is also dependent on the maintenance, care, and use or abuse a frame or part is subjected to over its lifetime. With routine inspection and maintenance, as described in your Marin[®] owner's manual, it is unlikely that parts or frames will fail suddenly. Inspection of fatigue prone parts allows the owner or mechanic to spot fatigue, stress or cracking prior to what could potentially be catastrophic failure. These inspections, like responsible riding, reduce risk. Please note that we do not recommend using child carriers. They can put stresses on your frame that it may not be designed for. They also can be dangerous to your child, as they are not designed to properly protect your child in the event of an accident.

MARIN BIKES LIMITED 2006 FRAME & PARTS WARRANTY
(PLEASE NOTE THAT THIS WARRANTY DOES NOT APPLY TO MARIN BIKES INTERNATIONAL DISTRIBUTORS.)

If you purchased your Marin[®] bicycle outside the USA or Canada, please contact the Marin Bike's authorized distributor in the country of purchase for it's WARRANTY. The following LIMITED WARRANTY is only valid in the United States of America and Canada.

This LIMITED WARRANTY is only offered to Marin Bike Authorized dealers and only applies to the original owner of each new Marin[®] bicycle that is purchased in and remains in Canada, the United States of America, and it's territories. This warranty is only valid,

provided the bicycle is purchased from an authorized Marin[®] Bicycle Dealer. The original owner must provide proof of purchase, to Marin Bikes. This warranty applies only to the original owner and is not transferable. All warranty claims must be processed, through the dealer from whom you purchased your Marin[®] bicycle, or an authorized Marin[®] Bicycle Dealer. This warranty is expressly limited to the repair or replacement of a defective frame, fork, or defective part and is the sole remedy of the warranty. Items deemed as warranty will be replaced with; similar model. In the case of a model no longer in stock or production, a credit amount, determined by Marin Bikes towards the purchase of a new item will be given. Subject to the terms, conditions and limitations set forth herein, Marin Bikes, Inc. (a California Corporation) located in Novato, California warrants to the original owner of each new Marin[®] bicycle:

All Marin[®] Bikes frames, (Except AXC and QUAD XLT Frames as covered below) shall be free from defects in workmanship and materials for a period of 5 years from the date of purchase by the original owner.

Marin[®] AXC and QUAD XLT bike frames shall be free from defects in workmanship and materials for a period of one year from the date of purchase by the original owner.

The pivot hardware and bearings of Full suspension Marin[®] frames shall be free from defects in workmanship and materials for a period of 10 years from the date of purchase by the original owner.

Suspension forks, and Rear shocks on suspension bikes are not covered under this warranty. They are covered under the stated warranty of the original manufacturer. Such original manufacturer's warranties are to be processed through the manufacturer or the manufacturer's authorized Warranty Center.

All of our warranties are solely under the condition that the bicycle was operated under normal conditions and use and was properly maintained. The user assumes the risk of any personal injury or damage to the bicycle or other losses if the bicycle is used at any time for stunt or trick riding, jumping, drops, acrobatics, dirt biking or similar activities, Bicycle Motocross, competitive riding, commercial use, with power or motor assistance of any kind, riding with heavy loads, extreme riding or anything other than normal and intended

use. Please note: Riding off of buildings, cliffs, bridges, car-sized boulders and other types of large drops do not constitute what we consider normal and intended uses. This warranty does not cover any Marin[®] frame or bicycle part that has; deteriorated through usage or wear and tear, or gets corrosion that was caused by climatic conditions. This warranty does not apply to any Marin[®] frame or bicycle part that has; been damaged or fails as a result of accident, crash, collision, abuse, neglect, misuse, alterations, modifications, improper assembly, repairs improperly performed, Sandblasting, sanding, grinding, wire brushing, filing, welding, brazing, drilled holes, anodizing, repainting, chrome plating, frame tube deformation caused by bike stand clamping, has damage caused by lack of reasonable and proper periodic maintenance, or has damages caused by installation of parts & accessories not originally intended or compatible with the bicycle as sold. This warranty does not apply to paint or finish. This warranty does not apply if the original factory installed decals are removed or original finish has been modified or removed. Marin Bikes Inc. shall not be responsible for incidental or consequential damages. Labor charges for parts changes, frame swaps, or incidental costs such as transportation to and from an authorized dealer for repair or replacement of any defective part or accessory are not covered in the warranty. All Labor charges for warranty service are the responsibility of the bicycle's owner. The use of replacement parts and accessories not conforming to Marin[®] specifications, or modifications not recommended or approved in writing by Marin[®] will cause this warranty to be nullified. Please note that sometimes the salt on the roads or in the air can cause internal rust perforation on cro-moly steel frames. This is not covered under this warranty. A broken or bent part or frame does not necessarily indicate a defect in workmanship or materials. Marin Bikes Inc. reserves the right to solely determine what constitutes a defect in workmanship or materials on any Marin[®] bicycle frame or original equipment bicycle part. Warranty applies only to those bicycles assembled by an authorized Marin Bikes dealer.

This warranty gives you specific legal rights, which may vary from state to state. Marin Bikes Inc. does not authorize or permit anyone else, including Marin[®] dealers, representatives or distributors, to enlarge, to extend, to modify, or to make any other warranties, expressed or implied, for Marin Bikes Inc.

Specifications subject to change without notice. Not all models available in all sizes in all countries.

Marin, Pine Mountain, Eldridge Grade, Bear Valley, Highway One, Mill Valley, Lucas Valley, Fairfax, Muirwoods, Novato, Point Reyes, Pioneer Trail, Bolinas Ridge, Bobcat Trail, Hawk Hill, Palisades Trail, Nail Trail, Indian Fire Trail, Stinson, Redwood, Kentfield, Larkspur, San Rafael, San Anselmo, Sausalito, Venezia, Argenta, Verona, San Marino, Stelvio, Bayview Trail, Hidden Canyon, Drakes Beach, Hearts Desire Beach, East Peak, Rift Zone, Mount Vision, Rock Springs, Wolf Ridge, Attack Trail, Northside Trail, B-17, Wildcat Trail, Rocky Ridge, Quake, Quad-Link, FRS and TARA are registered trademarks of Marin Bikes, Inc.

Please take time to read the Owner's Manual that comes with your bike.

All bikes come fully equipped with CPSC approved reflectors, however, for night time riding, it is the rider's responsibility to use an adequate lighting system that consists of front and rear lights.

Many models come with long arm, V brakes or disc brakes. These brakes are extremely powerful and we recommend that you practice on a flat surface until you are comfortable with the performance of these brakes.

Lightweight handlebars should be replaced periodically.

Please wear a helmet while riding, respect and share the trails.
