

MASI BICYCLES FALL COLLECTION / 2009

MASI

At Masi, it's all about the ride, as it has been for more than half a century. Since the very first days of Masi history, our focus has been on the quality of the ride more than chasing the latest fads in technology or materials. If the bike doesn't ride well, it'll never be a Masi- that's our rule.

Our history is rich with more than a few great riders and race wins from the Olympics, World Championships and Tour de France. Many of the riders who have won races on a Masi bicycle have their names permanently etched in the history of the sport. That history still pumps through our veins and is a big part of why we do what we do.

Though our "start" was fired in the heat of competition, we are not strangers to the regular joy of simply riding- whether to the store, to the office or just around town with a smile. We still really enjoy riding bikes for the sheer fun of riding and we pour a lot of passion into each model in the line.

The market is full of many nice bikes these days, but you'll be hard-pressed to find a line of bikes built with as much love for riding. From our entry level Alare, to our heart stopping race bikes or any of our steel or city/ commuting bikes, you'll see our passion and love for bicycles. We build each bike for you, the way we would build them for ourselves and we're confident you'll be happy with that way of thinking.

MATERIAL DESCRIPTIONS

Carbon series- Mitsubishi TR50/ MR60 High Modulus carbon.

Lightweight, stiff and comfortable. Designed for the racer in all of us.

Aluminum/ carbon series- SL & SLX 7005 T6 aluminum tubing, custom shaped and butted, and carbon seat and chain stays. Two great materials wedged together for an amazing ride. Designed for performance minded riders.

Aluminum series- 7005 T6 double butted and custom shaped tubing. Quality aluminum tubing and ride specific frame designs. Designed for riders looking for a great value bike packed with features.

Specialty bikes- SL & SLX 7005 T6 aluminum or double butted chromoly tubing.

Aluminum and steel bikes created for that special ride. Designed to fulfill your riding passion, whatever it might be.

Be Green...

The paper used to print this catalog is not only recycled, but also Forest Stewardship Council (FSC) certified. FSC sets high standards that ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

If we all take a few small pedal strokes towards living a more sustainable lifestyle, the environment stands to benefit by giant leaps. Masi Bicycles is doing our part to reduce the impact our footprint makes on this great Earth.

There is and always has been something very special about the way a steel frame bicycle rides. More than once over the years, new materials have come and gone, yet steel has managed to stick around, weathering the storms of fad and fashion. What a steel frame might lose in weight, it more than makes up for in the overall quality of the ride.

Each of our Steel Series bikes is designed to not just fill a spot in your garage but also a spot in your heart. We're more than a little sure that you'll understand why we love the material as much as we do and why we've spent so much time developing such a complete series of bikes.

STEEL SERIES

Speciale Fixed LTD

- Masi Double Butted CrMo Steel w/ Masi Track Dropouts
- Masi Lugged CrMo Steel Fork
- Sugino Messenger Crankset w/ Polished Arms, 44t Messenger Chainring & Red Anodized Chainring Bolts
- MKS Sylvan Pedals w/ MKS Steel Toeclips w/ Leather Accents
- Sealed Bearing Track Hubs w/ Track Axle Nuts, Flip-Flop Rear w/ 15T Fixed Cog & 16T Freewheel

Speciale Fixed

- Masi Double Butted CrMo Steel w/ Masi Track Dropouts
- Masi Lugged CrMo Steel Fork
- TruVativ Touro Crankset w/ 48T Chainring
- Sealed Bearing Track Hubs w/ Track Axle Nuts, Flip-Flop Rear w/ 15T Fixed Cog & 16T Freewheel

Speciale Commuter

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/ Fender Mounts
- Masi Lugged CrMo Steel Fork
- SunTour Aluminum Crankset w/ 42t Chainring
- Dia-Compe BRS-101 Brakes
- Sealed Bearing Hubs w/ Track Axle Nuts, Flip-Flop Rear & 16T Freewheel

SPECIALE FIXED LTD:

It is simply impossible to argue the absolute and sheer lust worthiness of this bike. The unpainted frame and fork is mated to a fantastic parts mix that is sure to get attention and make your friends more than just a little jealous. Stand out from the rest of the herd- the air is a little nicer away from the pack.

Speciale Fixed LTD - Nekkid

SPECIALE FIXED:

The Speciale Fixed has been a crowd favorite since the first model was introduced two years ago. It's not hard to see why when you take a close look at the details. The geometry leans towards casual riding and long days of fixed bliss, but it is more than capable of handling a few banked turns. It's a great bike for learning the feel of the oval or simply rolling for hours looking for that sweet spot in your pedal stroke. If you're looking for a life-long friend, then look no further.

Speciale Fixed - Shamrock Green

SPECIALE COMMUTER:

Another new instant classic, the Commuter has become a great favorite. Designed around possibilities and not limitations, this bike can be turned into the ride you've always wanted- if it isn't already. The rack and fender mounts and long stable wheelbase make it a great all day fun bike. The flip-flop hub provides options and the shifter bosses and rear derailleur hanger deliver endless possibilities.

Speciale Commuter - Metallic Blue

Speciale Randonneur - Burgundy

SPECIALE RANDONNEUR:

Does the open road call your name? Have you got a severe case of wanderlust? If so, we've got the ultimate companion for you- the Speciale Randonneur. Built for the long haul and for hauling all you need for the journey, the Randonneur is ready to get underway any time you are. A classic touring bike with bar end shifters and all the braze-ons you need for racks, bags and fenders. The next time the road calls- answer.

Speciale CX - Root Beer

SPECIALE CX:

A little dirt can be a very good thing and the Speciale CX is more than happy to share that with you. With the rack and fender mounts though, the CX is also incredibly well suited to being an every day commuting bike or light touring bike. If you're looking for a bike that's capable of a bit of cyclocross duty on the weekends and then getting back and forth during the week, look no further than the Speciale CX- you won't be disappointed

Speciale 105 - Ruby Red

SPECIALE 105:

The return of a legend! The Speciale returns to the line after a brief vacation- better than ever and even more beautiful. Built with traditional race geometries, but with the warm and familiar ride quality of steel. It's the road bike for those who know a thing or two about road bikes or for those who simply want to ride a bike with a quality of character that simply can't be beat. Best of all, it's an inexpensive dream bike so you don't have to sell off all your other earthly possessions to afford it.

Randonneur

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/ Fender Mounts
- Masi Lugged CrMo Steel Fork
- Dia-Compe BRS-101 Brakes & Bar End shifters
- TruVa

Speciale CX

- Masi Double Butted CrMo Steel w/ Rack/ Fender Mounts
- Masi Lugged CrMo Steel Fork w/ Canti Bosses
- Shimano Tiagra w/ 105 Rear Derailleur
- TruVativ Touro Compact (50/34) Crankset

Speciale

- Masi Double Butted CrMo Steel
- Masi Lugged CrMo Steel Fork
- Shimano 105 w/ Ultegra Rear Derailleur
- TruVativ Elita C 2.0 Compact (50/34) Crankset
- Ritchey Pro DS Wheelset

SoulVille is a frame of mind- it's a slower pace, a more relaxed feeling and a different way of thinking. It's not like everywhere else- its better. For us, not every ride is about speed, performance, heart rate zones or peak wattage. Some days the ride is just down to the corner market or the neighborhood café. Other days it's just around town for the sake of just riding.

We've designed each of the SoulVille bikes to be enjoyed for how great they ride, as much as for how good they look- and they do look truly beautiful. The graceful curves of the frames are matched by stylish component choices that create a truly exceptional ride. Once you've visited SoulVille, you won't likely be the same- you might be better, but you won't be the same.

SOULVILLE SERIES

SoulVille SS

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/ Fender Mounts
- Masi Lugged CrMo Steel Fork
- SunTour Aluminum Crankset w/ 42t Chainring
- Sealed Bearing Hubs w/ Track Axle Nuts, Flip-Flop Rear & 16T Freewheel
- Masi Alloy Arc Handlebar

SoulVille 3

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/ Fender Mounts [Mixte Step-Through Ladies available in 16" & 18"]
- Masi Lugged CrMo Steel Fork
- SRAM i-Motion 3 Speed Internal Hub w/ Coaster Brake & IGH Twist Shifter
- Custom Masi Embossed Sprung & Padded Vinyl Saddle
- Masi Alloy Arc Handlebar
- Masi Alloy Fenders

SoulVille SS - Pea Soup Green

SOULVILLE SS:

Let's face it, there's just something inherently sexy about a stripped down street rod. The minimalist, function-driven look of a well done "rod" is just too hot to handle without asbestos mittens. Well, get your gloves out!

The SoulVille/SS is the streamlined and street-ready black sheep of the SoulVille family. Too dirty to show to your parents, but all your friends will understand. A flip/flop rear hub adds to the mysterious nature of this ride- fixed or free? It's all up to you to decide.

SoulVille 3 - Anodized White

SOULVILLE 3:

Something about a simple and elegant 3 speed bike just calls out to you- the simplified gear choices, the coaster brake... the joy of the basics.

The SoulVille 3 speed is a pure classic with the SoulVille look and feel. It's like the one you had as a kid, only better.

Additional Color:

 Gloss Black

SoulVille 7 - Golden Green

SOULVILLE 7

The origin of the species, the first in the series- the SoulVille. With a SRAM internal 7 speed coaster brake drivetrain and all the classic styling that launched the new legend, the SoulVille represents a leap into a new era for Masi. Designed to be fun, stylish and comfortable, the SoulVille is equally at home cruising out to grab a gallon of milk as it is cruising down to your favorite watering hole.

SoulVille 10 - Metallic Red

SOULVILLE 10

Cruising over hill and dale, here and there and to and from, the SoulVille 10 speed is built to carry you anywhere you need or want to go. Equipped with SRAM's new Double Tap flat bar shifters, this is the bike you've been searching for and have never found- until now.

SoulVille 7

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/Fender Mounts (Mixte Step-Through Ladies available in 16" & 18")
- Masi Lugged CrMo Steel Fork
- SRAM 7 Speed Internal Hub w/ Coaster Brake & IGH Twist Shifter
- Masi Alloy Arc Handlebar
- Masi Alloy Fenders

SoulVille 10

- Masi Double Butted CrMo Steel w/ Horizontal Dropouts & Rack/Fender Mounts
- Masi Lugged CrMo Steel Fork
- SRAM Double Tap Flat Bar 10spd Shifters
- Masi Alloy Arc Handlebar
- Masi Alloy Fenders

METRO ITALIA SERIES

Our MetroItalia Series was developed to be quick handling and fun to ride, but with a more upright and back friendly position. Perfectly suited to living life as a fitness bike, an agile commuter or just the perfect bike for zipping around town- smiles are a free accessory.

We've included all the touches that make these bikes such versatile friends to know: clearance for wider tires, rack and fender mounts and a seatpost with integrated taillight. The puncture resistant tires with reflective sidewalls are a great touch and offer piece of mind with great rolling characteristics.

The MetroItalia series represents our fondness for the great city bikes of Europe. Stylish and functional, you'll feel as good as you look any time you're riding one of these bikes. Have yourself a cup of your preferred coffee and relax in the sun at your favorite cafe, knowing that the ride back home will be a joy.

Caffé Racer Doppio

- Masi 7005 T6 Double Butted Tubing w/ Extended Head Tube & Rack/ Fender Mounts
- Masi Elite Carbon Integrated Fork w/ Alloy Steerer, Canti Bosses & Fender Mounts
- Shimano SL770 10 Speed Flat Bar Shifters w/ Ultegra Rear Derailleur
- Masi Alloy Seatpost w/ Integrated Taillight
- Kenda Kwik Trax 700x28 Tire w/ Reflective Sidewall & Iron Cap Puncture Protection

Caffé Racer Solo

- Masi 7005 T6 Double Butted Tubing w/ Extended Head Tube & Rack/ Fender Mounts
- Masi Comp Aluminum Integrated Fork w/ CrMo Steerer, Canti Bosses & Fender Mounts
- Shimano SL440/441 9 Speed Flat Bar Shifters w/ 105 Rear Derailleur
- TruVativ Touro Compact (50/34) Crankset
- Masi Alloy Seatpost w/ Integrated Taillight
- Kenda Kwik Trax 700x28 Tire w/ Reflective Sidewall & Iron Cap Puncture Protection

Caffé Racer Doppio - SG Dark Roast

CAFFÉ RACER DOPPIO:

Dark, as a perfectly brewed double espresso, the Caffé Racer Doppio is the perfect wake-up for your day. The 10 speed drivetrain makes the morning commute seem a bit less grueling and downright fun. With the rack and fender mounts, the Doppio easily converts into a haul-anything workhorse. So whether you're just looking to get out for a little exercise or to save some money by driving less, the Doppio is ready for the challenge.

Caffé Racer Solo - SG Créma

CAFFÉ RACER SOLO:

Like a nice single shot of espresso, the Caffé Racer Solo is ready to get your heart pumping and your blood flowing. Maybe your mornings require a little traffic dodging as you weave your way through the mean city streets. If so, the Solo is more than ready to get you to the office (and home) with total efficiency. If the weather gets foul, the rack and fender mounts will come in handy and keep you looking clean and stylish!

Our Performance Series bikes are built with one thing in mind- the rider. From the Alare to the Vincere and Gran Corsa, each of the Performance Series bikes is designed to produce the legendary Masi ride and meet the needs of the rider. We spend as much time, if not more, developing these bikes as we do the pro-level race bikes. It is our belief that every rider, from beginner to pro, should have a bike that rides like no other. Our Alare is built with a taller head tube, longer wheelbase and shorter top tube to provide the rider with a less aggressive and more comfortable ride. Both the Vincere and Gran Corsa use a longer top tube, shorter wheelbase and shorter head tube to deliver a more race-like ride without being overly aggressive. It's this level of attention that helps to set these bikes apart from the rest of the pack.

PERFORMANCE SERIES

Gran Corsa

- Masi SL 7005 T6 Double Butted Tubing w/ Carbon Seatstay & Chainstay
- Masi Elite/RS Carbon Integrated Fork w/ 7075 Alloy Steerer
- Shimano 105 10 Speed w/ Ultegra Rear Derailleur
- Shimano R500-A Wheelset w/ Aero Spokes
- Ritchey Comp Handlebar & Masi ATS Adjustable Height System Stem

Vincere

- Masi 7005 T6 Custom Formed & Butted Tubing
- Masi Elite/RS Carbon Integrated Fork w/ 7075 Alloy Steerer
- Shimano 105 10 Speed w/ Ultegra Rear Derailleur
- Ritchey Alloy Handlebar & Masi ATS Adjustable Height System Stem

Alare

- Masi 7005 T6 Double Butted Tubing w/ Extended Head Tube
- Masi Elite/ RS Carbon Integrated Fork w/ Alloy Steerer
- Shimano Sora 9 Speed w/ Tiagra Rear Derailleur
- TruVativ Touro 2.0 Compact (50/34) Crankset
- Inline Bar Top Brake Levers & Shimano Sora Brake Calipers

GRAN CORSA:

With an aluminum front triangle for stiffness and a carbon fiber rear end for light weight and vibration damping, the Gran Corsa marries the best of what both materials have to offer. Combine this with an exceptional parts mix and you get a bike that will meet all your needs for years to come.

This bike loves long rides and endless hours on the road. Find your favorite descent and push yourself as hard as you push the bike and you'll be rewarded with superb cornering and a smile that'll begin to hurt after awhile. Sprinting is just as rewarding, thanks to the stiff and responsive carbon fiber seat and chain stays. Who says you can't have your cake and eat it too?

Gran Corsa - Special Silver

VINCERE:

With a sturdy and reliable aluminum frame, carbon fork, Shimano 105 10 speed group and compact crankset, the Vincere is one of the best entry-level race bikes on the market. The aluminum frame is built with custom shaped and butted tubing to provide a level of comfort not always found in other aluminum frames.

For the racer on a budget or the enthusiast new to the ride of a race bike, the Vincere is a dream come true. Whether your favorite ride is full of hills or miles of twisting roads, the Vincere will happily spend the day with you.

Vincere - Winner Blue

ALARE:

The Gran Corsa has been a part of the Masi family for decades and has always represented a fantastic value for a race bike. Our current version of the Gran Corsa is no different and is still a favorite among aspiring racers and performance enthusiasts alike.

The aluminum front end combined with the full carbon rear end creates an excellent ride- aluminum for a torsionally stiff front end and carbon stays to soak up miles of road vibration- it's the perfect marriage.

Additional Color:
Rosso Red

Alare - Anodized White

Our Competition Series bikes each have very distinct personalities, but they all share one personality trait; dedication to service. Whether you're looking for the ultimate cross bike, the best triathlon/ time trial rocket, or a neo-retro racing classic, your dream bike is waiting for you here.

The Competition Series lives up to its name and each model is ready to handle the competition. One of the hallmarks of this group of fantastic flyers is that you don't have stop eating or go live in a van to afford one. What's the point in training for all those races if you can't afford the entry fee?

Maybe you're not looking to race and just want a bike with that thoroughbred pedigree. It's sort of like owning a Ferrari- you might never get to drive it at 160mph, but it's awfully fun knowing that you could.

COMPETITION SERIES

Coltello Aero

- Masi 7005 T6 SL Double Butted Aero Tubed Frame w/ Aero Seat Tube & Rear Wheel Cutout
- Masi Elite/RS Aero Carbon Integrated Fork w/ 7075 Alloy Steerer
- Shimano 105 10 Speed w/ Ultegra Rear Derailleur & Dura Ace 10 Speed Bar End Shifters
- Vision Aero Bar w/ Clip-On Extension & Masi ATS Adjustable Height System Stem

Gran Criterium

- Masi SLX Custom Formed/ Butted 7005 T6 Tubing w/ VDS (Vibration Damping System) Carbon Seatstay & Chainstay
- Masi Elite/RS Carbon Integrated Fork w/ 7075 Alloy Steerer
- SRAM Rival 10 Speed
- Ritchey Pro DS Wheelset and Pro Logic Handlebar
- Ritchey Pro Handlebar & Stem

CXR

- Masi 7005 T6 SLX Double Butted Cyclocross
 - Masi Elite/RS Cross Carbon Integrated Fork w/ 7075 Alloy Steerer & Canti Bosses
 - Shimano 105 10 Speed w/ Ultegra Rear Derailleur
 - Ritchey Pro Logic Handlebar & SpeedMax Cross Pro 32c Tires
 - Tektro CR720 Cantilever Brakes
- Also available as frameset

COLTELLO AERO:

If you need to go blisteringly fast, the Coltello Aero is the bike you've been waiting for. Whether you're attacking your age group in sprint distance triathlons, training for an Ironman® or racing in a 40K time trial, the Coltello Aero will get you there faster than you've ever gone before.

Ridden by ITU professional triathlete Jenna Shoemaker and Inferno Pro Cycling riders, the Coltello Aero is more than ready to get you moving at incredible speed. The ultra-stiff aluminum frame delivers all your power to the wheels and propels you like a comet. Hang on tightly!

Coltello Aero - Metallic Red

GRAN CRITERIUM:

From the painstakingly reproduced vintage decals to the 70's era paint color, this is the neo-retro classic for those who appreciate evolution. Built with our best aluminum tubing and vibration eating carbon stays, the frame produces a sensational ride that you have to experience to believe. Combined with the SRAM Rival component group, this Gran Criterium is a perfect torchbearer for the legacy of the name.

Gran Criterium - Vintage Blue

CXR:

The CXR is a cross racing animal. The aggressive geometry and high bottom bracket make it perfect for any level of competition. Whether it's against a pack of lycra-covered, barrier hopping mutants, or just a group of your friends, it's just happy to get the chance to make your rides "epic".

Even with a race DNA, the CXR is also pretty happy simply exploring paths less traveled and dirt or gravel roads that lead off into the distance. And when summer turns to winter and the roads are less friendly, the CXR is there to serve you still.

CXR - Matte Black

Carbon fiber is a wonderful material for bicycle frames, forks and components. It's very lightweight, produces excellent strength and can be shaped in nearly infinite configurations. It really is an amazing material, but it takes a very fine understanding of the material to produce that magical set of properties we all want and need.

The 3VC bikes are painstakingly engineered to deliver the promise of carbon fiber. We use a lugged construction process because it's what we believe provides the best possible ride. The frames are all size-tuned to ensure that each size frame has the same blend of comfort and stiffness. Smaller frames don't require the same level of stiffness as a larger frame, so the carbon lay-up is adjusted accordingly.

If you are looking for a no-compromise carbon bike that is light enough to float uphill and stiff enough to win mass sprints, the 3VC series is here to satisfy those needs. These are the same framesets ridden to victory by the Inferno Pro Cycling team for the past three years and the wins keep stacking up. Maybe the race is only in your mind as you ride your favorite roads alone. Those long climbs with countless switchbacks have never been more fun and sprinting has never felt so easy.

CARBON SERIES

3VC Team Issue Red

- Masi High Modulus Full Carbon Lugged Frame
- Masi FC/Pro Monocoque Carbon Fork
- SRAM RED 10 Speed
- fi'zi:k Arione Saddle w/Ti Rails
- Ritchey WCS Carbon Evolution Handlebar, WCS Carbon Seatpost & 4-Axis Carbon Matrix Stem
- Zipp 404 Carbon Clincher Wheelset

3VC Dura Ace

- Masi High Modulus Full Carbon Lugged Frame
- Masi FC/Pro Monocoque Carbon Fork
- NEW Shimano 7900 Dura Ace 10 Speed
- fi'zi:k Arione Saddle w/Ti Rails
- Ritchey WCS Carbon Handlebar, Carbon Seatpost & 4-Axis Alloy Stem

3VC Team Issue Red - Rosso Red

3VC TEAM ISSUE RED:

You're looking at the fastest looking bike in the world that just happens to be able to back up those pretty looks. Built with the very same frame and fork ridden by the Inferno Pro Cycling team, a SRAM Red component group and uber-sexy Zipp 404 wheels, it is impossible to want or need anything more. your wildest dreams brought to life.

3VC Dura Ace - Anodized White

3VC DURA ACE:

The full carbon frame and fork of the 3VC mated to the new Dura Ace 7900 component group means you've got your hands on a race bike any pro would be more than happy to ride- and some might even be jealous of it. Just imagine how nice those all day rides will feel with this amazing steed beneath you. After just one ride, you'll be in love and you'll appreciate all those sleepless nights we had while dreaming this bike up for you. You can thank us later.

3VC Ultegra SL - Chromium

3VC ULTEGRA SL:

Quite possibly the racer-on-a-budget dream bike. The same frame and fork used by the Inferno Pro Cycling race team and the ever so incredible Ultegra SL component group. With a frame and fork that is good enough for the best pros and component group good enough to toe a start line, it's amazing it doesn't cost more.

The 3VC Ultegra SL is every bit the sleek and nimble race bike you've ever wanted and is ready to spend hours and hours underneath you, delivering power to the wheels. Climb higher, sprint faster and ride farther.

3VC 105 - Ruby Red

3VC 105:

So affordable, it feels like you're getting away with something you shouldn't. No need to feel guilty though. You won't be disappointed with your 3VC 105 from the first ride to the thousandth and beyond. Jammed full of great features that don't require mortgaging your future to buy it. Using the exact same frame as the Team Issue, but with a more affordable parts mix, it's a dream come true.

3VC Ultegra SL

- Masi High Modulus Full Carbon Lugged Frame
- Masi FC/Pro Monocoque Carbon Fork
- Shimano Ultegra SL 10 Speed w/ Dura Ace rear Derailleur
- Ritchey WCS Wet Black Handlebar & Stem
- fi'zi:k Aliante Delta Saddle w/ Manganese Rails
- Shimano Ultegra Wheelset

3VC 105

- Masi High Modulus Full Carbon Lugged Frame
- Masi Elite/RS Carbon Integrated Fork w/ 7075 Alloy Steerer
- Shimano 105 10 Speed w/ Ultegra Rear Derailleur
- TruVativ Elita C 2.2 Compact (50/34) Crankset w/ Giga X-Pipe Integrated BB

Creating the ultimate bike takes on different meaning to different people. We're pretty proud of the bikes we create, but maybe your inner Product Manager has a differing opinion. That's cool. We're more than happy to see what you can cook up on your own and we've got four different framesets for you to choose from.

We're curious to see where your creativity takes you, so roll up your sleeves and start bolting on the parts of your choice. You're going to enjoy yourself- that much we're sure of.

FRAMESETS

Coltello - Metallic Swamp Green

COLTELLO:

Back again for another round of blazing sprints and white knuckle action, the Coltello is the velodrome monster you've been waiting for. The high bottom bracket ensures you won't have to worry about hitting your pedals on the steepest of track surfaces. Built with ultimate stiffness in mind for zero power loss when smashing on the pedals. Trust us- you've never gone faster!

Coltello

- Masi 7005 T6 SL Double Butted Aero Tubed Track Frame w/ Aero Seat Tube, Rear Wheel Cutout & Track Dropouts w/ Stainless Steel Inserts
- Masi Elite/RS Aero Carbon Integrated Fork w/ 7075 Alloy Steerer & Custom 30mm Track Offset
- Ritchey Pro Zero Drop-in Headset

Speciale Sprint

- Reynolds 631 Double Butted Steel Tubing w/ Masi Track Dropouts
- Masi Lugged CrMo Steel Fork
- Ritchey Pro Zero Drop-in Headset

3VC Team Issue

- Masi High Modulus Full Carbon Lugged Frame
- Masi FC/Pro Monocoque Carbon Fork
- Ritchey WCS Carbon Seatpost and Ritchey Pro Zero Drop-in Headset

CXR

- Masi 7005 T6 SLX Double Butted Cyclocross Frame
- Masi Elite/RS Cross Carbon Integrated Fork w/ 7075 Alloy Steerer & Canti Bosses
- Ritchey Pro Zero Drop-in Headset

SPECIALE SPRINT:

Using the exact same geometry as the race-winning Coltello, but built with Reynolds 631 steel tubing. For the retro grouch buried beneath that wool jersey, the Speciale Sprint is ready for those old high flange hubs you've been holding on to for years, waiting for the ultimate frame. Wait no more. It's the perfect steel track frame for the purists who demand excellence, as well as style and elegance.

Sprint - Orange

3VC TEAM ISSUE:

Ridden to podiums all over the US by the Inferno Pro Cycling team and ready for any challenge you can throw at it. Maybe you can get your Team Issue below that 14 pound UCI limit, or maybe you want to see how it would look with a Campagnolo group bolted to it. It's your artwork, so get out your paint and brushes and create your own masterpiece.

3VC Team Issue - Rosso Red

CXR:

Looking for the perfect chassis to build that ultimate cross race rig or the perfect winter training bike? Maybe you want to create your own speedy commuter bike for those mean urban streets that make up your own "cross" race. The CXR frameset is ready, willing and able to handle anything you can throw at it. Light, stiff and strong- perfection has a new name.

CXR - Matte Black

Masi Bicycles is proud to be the bike sponsor of the Inferno Pro Cycling team. For the past three years, the team has been winning races across the country on Masi bicycles and we couldn't be happier. We're very proud of each race win and podium appearance and we're happy to be associated with such a great program.

But, we're also proud to be the bike supplier to grass roots teams and riders all around the country and all those riders who are simply in love with riding.

At Masi Bicycles, it's all about the ride.
