THE

"SUPER VIGORELLI"

SPELLS SPEED

Designed specifically for pursuit riding and super-fast time trials, this frame probably has more Classic wins to its credit since it was introduced in 1951 than any other frame on the market.

Built from finest quality pressed steel lugs, and hand-picked Reynolds '531' double-buttet tubes, seat and chainstays and fork blades.

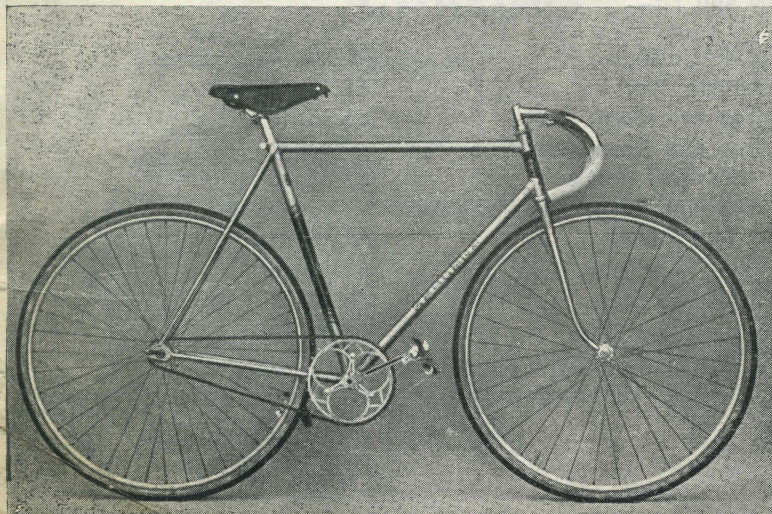

The lugs and solid forged crown are hand-cut to a very attractive design which ensures a perfect flow of soft-bronze low temperature brazing rod giving great tensile strength and durability.

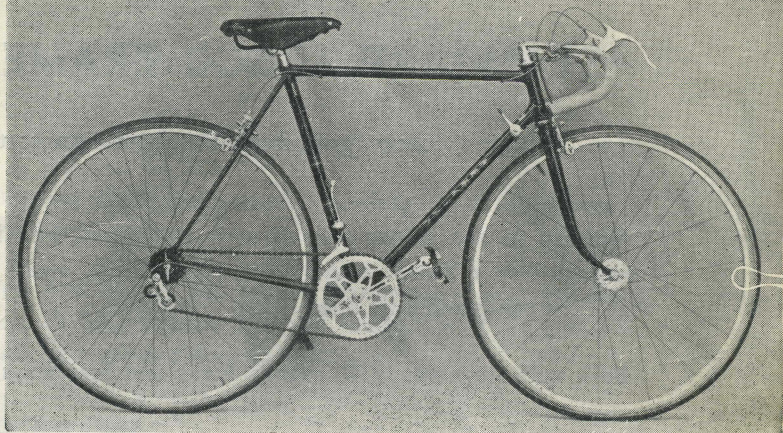

Great care is taken to ensure that the Vigorelli is built in track, and stays in track with no tubes under excessive stress due to being pulled into track after all brazing operations are finished.

Frame size to order. 73° parallel. 10 $\frac{7}{8}$ " B.B. Height, or lower if intended for time trials only. 1 $\frac{3}{4}$ " Fork rake. 17 $\frac{1}{2}$ " Rear ends, or built to your specification.

The Price is £16-16-0

Finish to your specification; chrome plating extra.

THE "CAMPIONISSIMO"

The Clubman's choice, suitable for club riding, time trials or road-racing. Built to a price, but only high-class fittings are used on a hand-built frame. Brooks saddle; Williams 3-pin chainwheel; Bayliss Wiley hubs; Dunlop H.P. rims; John Bull tyres and tubes; Simplex or Benelux gear to choice; Brampton pedals; G.B. or Weinmann brakes.

Finished in any colour, lustre or enamel, with contrasting head and seat tube diamond and lug lined.

Frame only £10-19-6

Complete machine with 5 speed—

£23-11-6 + £5-2-0 Purchase Tax — £28-13-6

Complete machine with 10 speed—

£25-6-0 + £5-9-10 Purchase Tax — £30-15-10

Single Speed—£20-14-0 + £4-10-11 Purchase Tax — £25-4-11

STANDARD TRACK FRAME

The Clubman's dual purpose frame for short-distance time trials.

Finished in any colour enamel with Lugs lined, and D.B. lining in two different colours or, alternatively, Head and Seat Tube bands and Lugs lined.

Built with Reynolds '531' Tubing, Forks and Seat Stays.

SPECIFICATION :

74°—72° or 73° Parallel or to order.

1 $\frac{3}{4}$ " Round to Round Forks.

11" B.B. height.

17 $\frac{1}{2}$ " Rear Ends, with special long drop-outs or to order.

Alatet Head fittings and B.W. B.B. fittings.

No brazed on fittings unless specified.

Mudguard eyes can be fitted to drop-outs.

STANDARD
TRACK FRAME
Price £13-13-0

Wrap-over Seat Stays 7/6 extra on
this model.

"KING OF MERCIA"

The tried and tested Road-Racing frame.

Designed from the pooled knowledge and experience of International Riders.

Only first quality '531' tubing is used along with the world famous R.G.F. bottom bracket shells, Solid Forged Fork Crown, and Selected Pressed Steel Lugs.

SPECIFICATION :

72° Parallel. 73°—73°, 73°—72°, 73°—71°, or to order.
10 $\frac{5}{8}$ " B.B. Height. 2 $\frac{1}{8}$ " Fork Rake. 17 $\frac{1}{2}$ " Chainstays.

A heavier gauge down tube is recommended for the rigours of Continental Racing, particularly on frames over 23".

Seat Stays wrapped round Seat Lug.

72° head 73° seat gives a short Top Tube with toe-clip clearance for the small rider.

Simplex or Benelux ends and all necessary Cable eyes brazed on to suit your choice of gears. Campag ends and Lever boss 7/6 extra.

The Price is £14-14-0

Finish to your specification; chrome plating extra.

We can't guarantee to make your ambition certain of fulfilment but we can guarantee that years of thought and experience have gone into the design of this frame and only the best components are used.
