

2005 Dealer's Handbook

Moots Cycles
Steamboat Springs, Colorado

Moots Dealer Program

Thank you for your interest in becoming a Moots Cycles authorized dealer. Moots Cycles has been a leader and innovator in the industry for over twenty three years with a commitment to excellence in quality and design. Here at Moots Cycles, we are interested in developing a long-term relationship with our dealers, and, in order to do so we have developed the following dealership program.

REQUIREMENTS:

Initial preseason order of 2 frames of any model.

Payment will be by COD or valid credit card, unless otherwise specified by Moots Cycles. First time purchasers may be required to pay with a certified check depending on credit status. With an established satisfactory credit history a Moots dealer may become eligible for 30-day terms. All 30-day account payments must be made with a company check.

Moots Cycles has the right to terminate a dealer relationship if Moots Cycles is misrepresented or if said dealer's performance quota is not on par with what Moots Cycles considers applicable for the dealer's area

ALL DEALERS MUST FILL OUT AND SIGN A GUARANTEE AND A CREDIT APPLICATION.

BENEFITS:

A discounted price structure will be enacted based on the following purchases from Moots Cycles.

This discount pricing will be on products produced and purchased from Moots Cycles and will be initiated at the new model year (January 2, 2005). Current discounts will continue until Jan. 1, 2005.

\$10,000 - 2% discount on all new orders
\$20,000 - 4% discount on all new orders
\$50,000 - 5% discount on all new orders

Moots Cycles will honor a 10% below wholesale pricing for dealer employees. The number of frames allowed will be based on the number of wholesale frames purchased. For every two bikes bought by the shop, the shop is eligible for one employee bike for a maximum of three bikes. These frames will not be included in the initial purchase plan and Moots Cycles requires proof of employment.

Moots Cycles softgoods (t-shirts, hats, banners, team race clothing, shop aprons, etc.) ordered in combinations of 20 or more will be discounted at 5% below wholesale pricing.

Moots Cycles will declare dealer as an "authorized dealer" in a dealer described area. Moots Cycles has the right to determine, with the dealer, this said area.

Moots Cycles will aid in press releases, "authorized dealer" stickers, catalogs, mailers, etc.

Moots Cycles will provide a co-op-advertising program for those dealers that exceed \$10,000 in sales. We will provide 1.5% in credit on all sales after dealer reaches the \$10,000 mark. All advertising must be approved by Moots Cycles but can include festival promotion as well as traditional advertising methods (newspaper, radio, magazines, and TV). We will also provide a free Moots banner to all dealers that exceed \$10,000 in sales.

Moots Cycles will list all authorized dealers on the Moots web page and will also provide a link to all dealer websites, provided the dealer's website meets Moots Cycles website criteria in Moots Cycles E-Commerce policies rules.

PRICING POLICY:

It is Moots Cycles policy that dealers maintain suggested retail prices as listed on the dealer price list. Any dealer not maintaining suggested retail prices is subject to termination of authorized dealer status.

MINIMUMS:

Dealers with annual purchases of less than \$5000 may lose authorized dealer status at the discretion of Moots Cycles.

PAST DUE ACCOUNTS:

In the event of returned checks there will be a service charge of \$20 and we will charge 1.5% per month interest until cleared payments are received. On all accounts set up as net 30, a 1.5% interest rate per month will be charged to all delinquent account. No discounts will be awarded for any past due accounts.

MOOTS CYCLES MAIL ORDER ADVERTISING POLICIES

It is our present policy at Moots Cycles to disallow any mail order advertising of our products. This only applies to those ads that promote mail order and not those ads that invite consumers to come into the bike shop to see the product. This does not include catalogs as long as suggested retail is advertised. We have instigated this policy to further aid the consumer in getting the best service they can get when buying a Moots Product and to keep an even playing field for all of our dealers. These mail order ads have a tendency to be associated with discounting and we do not feel this type of association is in the best interest of Moots Cycles or our dealers.

If you have any question please contact Moots to discuss this matter further.

MOOTS CYCLES E-COMMERCE PRICING POLICIES

The advent of e-commerce in our industry has prompted Moots Cycles to create a policy for sale of our products over the web. Moots has always sold through the local bike shop because we feel you are the ones capable of giving our customers the friendly expertise needed to make their purchase of a Moots bicycle a satisfactory one. We also know you will be there to continue to help the customer after the sale. We firmly believe this is the right way to sell a Moots bicycle and wish to continue to do business in this manner.

We also recognize that e-commerce is here to stay and that many of our dealers have websites that sell our products with the rest of their inventory. Internet sales can be a good way to reach customers that cannot reach you but we also realize that the Internet reaches into all of our dealer's areas. With this in mind, we have created these policies to make sure we start with a level playing field for all.

No Moots product will be advertised on the web at less than the suggested retail unless the items are discontinued products. Moots Cycles is the only entity that will decide what items are discontinued items. No Moots frame will be sold for less than retail over the Internet. If Moots becomes aware of Internet price-cutting, we have the right to terminate that dealer from carrying Moots products.

All Moots Dealers must have a storefront and the capabilities to repair and build bicycles. In other words, all Moots dealers must be a full service bike shop.

Any use of Moots' logos or images for websites should be pre-approved by Moots Cycles. We welcome any mention of Moots on your website and will be happy to help you with logos and other images upon request if the website does not misrepresent Moots Cycles.

To protect our overseas distributors, we do not allow web sales in those countries where we have official distributors. All current distributors are listed on our web site.

These are very simple rules but we will need your cooperation to make sure everyone follows them. If you feel someone is not following these rules, please make us aware of the problem. We have tried to keep our products at the highest level of quality, performance and image throughout the industry. We feel by discounting our products, we discount our image and this is not what we are after. If you have any questions please feel free to call us at 970-879-1676.

Moots in the Media

Moots Cycles has enjoyed great media exposure in magazines, newspapers, on the web, and TV to-date in 2004 including:

Outside Magazine's 2004 Annual Buyer's Guide
Smoothie Blend by Alan Cote

MOOTS SMOOTHIE BLEND \$4595

Spoiled by a bike? Yes, when it's a hand made Moots. Why it's cool: a front end of titanium-revered for it's toughness, low weight and forgiving ride-meets an aluminum swingarm for stiffness in back. Both are torched by craftsman obsessive about welds and alignment. The single pivot rear end meets a 5th element shock that distinguishes between pedal-induced force and trail whacks. In front, a Rockshock Psylo Race fork lets you pick 80 to 115 mm of give. That suspension combined with titanium, makes for a bike that tangoes down the trail; it carved a smooth, almost intuitive line through granite babyheads. The Smoothie comes dressed as you like-I choose SRAM's elegant new X.0 derailleurs and shifters. HMMM...Almost five large and you still don't get an all-Ti frame or a full spread of top-drawer parts.

Look for upcoming press coverage on our Vamoots in the inaugural fall issue of Roadie International and our Smoothie AL in BIKE. Over the years Moots has proudly appeared in all major cycling publications, both road and mountain.

Many thanks to the editors, product testers, athletes, producers, and talent.

Titanium Components

Open Road Ti Stem

Being the first to bring you a removable face titanium road stem wasn't good enough for us, we wanted to make it better. Combining our designing, machining and welding skills we bring you the titanium Open Road Ti stem. Elegant and lightweight for the road, this stem optimizes the material making it strong, stiff, lightweight and beautiful. Available in 26.0 and 31.8 for 2005

- Carbon handlebar compatible with removable aluminum faceplate
- Double ovalized CWSR 3/2.5 extension for strength and stiffness
- Exclusive Moots designed and manufactured dual binder for clamping strength in a no knee bruising design
- Large variety of sizes including custom
- Steer tube clamp length 42mm
- Shims for 1" available
- 168 grams 120 length

Ti-Beam Mountain Stem

The Ti-Beam Mountain stem has proved itself as a stiff no-nonsense top of the line mountain stem. In 2005 it will be available in 31.8 diameters as well as 25.4.

- Removable face for easy installation.
- Large diameter oval extension for superior strength and stiffness in a titanium stem
- Beautifully machined and welded
- Exclusive Moots designed and manufactured dual binder for clamping strength in a no knee bruising design
- Large variety of sizes including custom
- Steer tube clamp length 50mm
- Shims for 1" available
- 186 grams 120 length

Handle Bars

Take your pick. We've got braced risers and flat bars (2 lengths and 2 sweeps). Each of our titanium bars is made from 3/2.5 CWSR tubing and formed in house, giving you the best selection of ti bars under one roof.

Ti Handle Bars

Style	Width	Sweep	Rise
Ti Standard	22", 23"	5', 8"	NA
Ti Braced Riser	26.25"	8.5'	1.5"

Straight Laced Seatpost & Lay Back Seatpost

- Welded construction for superior strength to weight ratio
- 3/2.5 CWSR tubing drawn to exact size for better strength than ground or turned tubing
- 4 lengths and 2 diameters to choose from for size specific fit
- 220mm post weighs 174 grams, 340mm weighs 226 grams
- Knurled head and clamp to prevent slipping
- 6 mm dacromet hardened bolts, the highest grade around
- Light, strong and beautiful, the perfect compliment to any fine bike
- Lay Back model has 19mm set back on 27.2 and 16mm on 28.6 for better fit and less stress on saddle rails

Seat Posts

Diameters: 27.2, 28.6

Straight Seat Posts	Laid Back Seat Posts
Length	Length
220	220/230
280	280
340	340
380	380

Tailgator Rack and Bag

- Super lightweight rack at 150 grams
- Beautiful titanium construction for strength and lightweight
- Fits large range of seatpost diameters
- Double bag has large capacity with tool holders and expandable top
- 5 lb capacity
- 2 year warranty

ROLHOFF SET-UP

COUPLERS

What's New in 2005

- The Open Road Stem and the Ti Beam Mt. Stem will now be available in a 31.8 diameter to accommodate the growing number of handle bar choices. We will also increase production to have full time in stock availability. This is still the choice for the best Titanium stem out there.

- In the middle of last season we introduced our Built-To-Order-Program. This booklet is a useful tool in the Moots custom fitting process. Working through the questions and descriptions with your customer will provide us with all the information to obtain the perfect fit and ride. This handbook takes the guess work out of ordering a custom frame, giving your customer the confidence they will get what they want. The custom form is available for printing on the www.Moots.com/custom.php
- Smoothie Al has had some design changes to increase performance in 2005. We've also added a little color this year with a blue anodized finish and white decals on all the aluminum front ends. Build one up for an eye-catching bike on your showroom floor.
- In addition to our existing line of clothing, our performance cycling wear has a whole new look for 2005. The new graphics and fits are available on the entire line of clothes from jerseys and shorts to jackets and vests. We have also come out with two new t-shirt designs that everyone will have to have.
- Our new addition to the road line is the Mootour. This is the go everywhere do everything bike. The frame is built around either a cross or a long reach caliper fork to achieve larger tire and fender clearance. This makes the bike perfect for rough roads, commuting with fenders or loaded touring. The Mootour is also ideal for pace lining or a MS 150 ride. Each Mootour is custom built around the customers' specific needs.
- Moots plans to hit the road this year with the traveling Demo Show. We will be providing both mountain and road bikes at various rides and festivals for people to try out. Request a visit to your store and we will try and fit that into the travel schedule. It has always been our belief that if we can get your customer on a Moots, the sale will be sealed.

GUARANTEE

For valuable consideration received from Mucha Brothers, Inc., doing business as MOOTS CYCLES ("MOOTS CYCLES"), the receipt of which is

acknowledged by _____ ("Customer"), and in consideration of the present and future sales contracts between MOOTS

CYCLES and Customer, the undersigned _____ (Owner(s)/Guarantor(s) hereby agrees and promises as follows:

Obligation of Guarantor. Guarantor hereby guarantees on a continuing basis the prompt and complete performance by Customer of the terms, covenants and conditions of all present and future contracts, written or oral, between Customer and MOOTS CYCLES for the purchase and sales of bicycles, bicycle parts, and/or accessories, or equipment, or any other merchandise, or the sale of services and that Customer will pay when due the contract price of any and all goods or services specified in or delivered under such contracts. Further, upon notice from MOOTS CYCLES of any default by the Customer, under such contracts or any extensions thereof, either in the payment of all or part of the contract price or in the failure to accept delivery under said contracts, or in the failure to pay freight or other charges in accordance with any contract, or upon the failure of the Customer to observe any other term, covenant, or condition of such contract, Guarantor shall unconditionally become liable to MOOTS CYCLES and shall pay to MOOTS CYCLES in Steamboat Springs, Colorado, any amount which Customer is then owing, including without limitation any claim for damages, costs and expenses attributable to failure by Customer either to accept delivery or to take proper care of merchandise deliverable but not accepted for any reason, or for the violation by Customer of any term, covenant or condition of any said contracts. Guarantor's obligation shall include the payment of the entire interest or post maturity charges specified in the underlying sales contracts, agreements or MOOTS CYCLES' order acknowledgment forms or such lesser amounts computed at the maximum rate Guarantor is permitted to pay under Colorado law.

Limited Power of Attorney. Customer authorizes and irrevocably grants MOOTS CYCLES limited power of attorney to sign, file, in Customer's name, financing statement(s) and/or amendment(s) at any time with respect to any of the MOOTS CYCLES products sold to Customer as herein defined, without the Customer's signature, it being understood and intended by Customer that such power of attorney is limited solely to the powers described herein.

Extensions of Time and Modifications. The obligations of Guarantor are not in any way released or discharged by reason of any modification or extension of time for performance of any contract or of any term, covenant, or condition thereof, or by reason of any extension of time for payment of the whole or any part of the indebtedness of said Customer, or by reason of the receipt and acceptance by MOOTS CYCLES of notes, bills, checks or other instruments for the payment of money made either by the said Customer or by any other person or persons, and extensions and renewals thereof.

Cessation of Delivery. MOOTS CYCLES shall have the right, without notice to or approval of Guarantor, and without affecting or discharging in whole or in part the liability of Guarantor hereunder, to refuse to deliver further merchandise until Customer fully performs its obligations under contracts then outstanding.

Continuing Guarantee. This is a continuing guaranty applicable to all present and future contracts between MOOTS CYCLES and Customer and is applicable to all such contracts until this agreement is terminated by Guarantor through delivery of a written notice of termination to MOOTS CYCLES at its principal office in Steamboat Springs, Colorado, but such notice shall be operative only as to subsequent contracts and shall not release Guarantor of its obligation hereunder with respect to sales made and contracts entered into prior to that date that such notice is received by MOOTS CYCLES.

Notice. Guarantor shall be deemed to have notice from MOOTS CYCLES without further action from MOOTS CYCLES, of all obligations of Customer, and amounts and terms thereof, and notice of defaults, non-performance or non-payment by Customer of any of its obligations or liabilities under any existing or future contracts between Customer and MOOTS CYCLES. MOOTS CYCLES shall be under no obligation to proceed against Customer prior to its rights under this Agreement.

Records. The books of account, papers, and documents maintained by MOOTS CYCLES in its normal course of business shall be deemed prima facie evidence of the existence of an indebtedness against Customer and of the extent of such indebtedness.

Acceleration of Liability. All liabilities of Customer shall mature immediately and be deemed in default upon the reorganization of Customer, transfer of substantially all of the assets of Customer, or sale of a majority interest in Customer, insolvency of Customer, the commission of an act of bankruptcy by Customer, the appointment of a receiver for Customer or any of its property, the filing of a voluntary or involuntary petition in bankruptcy, reorganization, or arrangement, the making of an assignment for the benefit of creditors, or the calling of a meeting of creditors of Customer.

Attorneys' Fees. Should Guarantor, after receipt of written notice from MOOTS CYCLES, fail or delay in any way to comply immediately in all respects with the obligations hereunder, and should failure or delay require referral to an attorney for enforcement, Guarantor shall pay to MOOTS CYCLES a reasonable amount as attorney's fees and collection costs, or at the option of MOOTS CYCLES, a specified sum equal to 10% of the total amount due, provided, however, that the foregoing provision of attorney's fees and collections costs is void where prohibited by applicable law.

Joint and Several Liability. The term "Guarantor" as used herein shall mean all persons signing this agreement, and such persons, if more than one, shall be jointly and severally liable hereunder. The liability of one or more Guarantors shall not be conditioned on signature, acts or performance of another Guarantor.

Entire Agreement and Interpretation. This agreement supersedes all prior oral and written understanding, constitutes the entire agreement between Guarantor and MOOTS CYCLES and may not be changed or amended in any manner except by a writing signed by the Guarantor and mailed postage prepaid to MOOTS CYCLES at its principal offices in Steamboat Springs, Colorado. The paragraph captions herein are for identification purposes only and shall not be used in construing this agreement. Should any term or provision of this agreement be held illegal or unenforceable for any reason, the validity of the remaining portions shall not be affected thereby. The law of the State of Colorado shall govern the interpretation, validity and performance of this entire agreement. Jurisdiction over any action filed with respect to this Agreement shall be in the District Court of Routt County, Colorado.

IN WITNESS WHEREOF, Guarantor has signed this agreement this _____ day of _____, 200 _____.

Owner _____ Individually _____

Co-Owner _____ Individually _____

Come Stay With Moots In 2005

Checking Into the Moots Factory

What are you waiting for? This is the third year we have been offering free lodging and we still haven't seen you all. Make sure you book a room at our home this year. Any qualified shop is welcome to come and stay at the factory in our guest apartment. Don't worry there are no strings attached and you won't be asked to clean the shop when you leave. It's just been our belief that when you see how we do it, you'll appreciate the product that much more.

Of course we have great biking! That season is usually May through November but for the hardy you can ride year round. Steamboat is known as Ski Town USA for a reason and the snow starts flying in earnest around November. Steamboat Ski Resort opens around Thanksgiving and ends around Easter. Backcountry skiing can start in October and go through May. Give us a call for the latest conditions. We also have great fishing, hunting, backpacking, camping, and just plain relaxing. Being a World Class resort, there are numerous great events that go on year round. From summer rodeos to World Cup Nordic Combined events there is always something happening. Come ride with Moots.
