REDLINE

bmX racing

In my travels to all the Nationals & touring the summer of '85 I've noticed one thing most—that people want the best product they can get. It used to be the winner was the one who trained the hardest. Now, if you don't have **light, strong, equipment** you're at a disadvantage.

Riders are really serious about the equipment they use. Any advantage helps—like Redline's full line of bikes and racing components. I am happy to be a part of this great sport and help spread the word. It all starts with a **REDLINE**.

—Greg Hill

It all starts
with a **Redline.**

PROLINE 24"

SIZE	24" Pro XL
FRAME	4130 chrome vanadium
FOK	4130 chrome vanadium
HEADSET	Don Casper Ahead
CRANKS	Redline 400 180mm

parts & accessories

What kind of edge do you want
over your competition?

It's time to advance to another level. Redline's collection of light, solid, precision components represents our commitment toward that goal. Redline Flight Group accessories were designed to maintain your edge as well as improve it.

Flight Group Cranks

The number one racing crank in BMX history. Lighter and stronger than ever before, the Redline Flight Group Crank set is racer-ready - just add sprockets.

Complete Set includes:

- Lightweight heat-treated tubular chromoly arms and spindle.
- Sealed bearing bottom bracket set.
- Spindle bolts.
- T-handle allen wrenches.

Available in 175mm, 180mm and 185mm lengths. Made in the U.S.A.

Flight Group Chainwheel

Precision Engineered from aircraft grade aluminum, these toolies are the only sprockets made exclusively for use on the legendary Flight Group crank set. Comes in Silver or Polished, with 37-47 teeth. Made in the U.S.A.

Flight Group

Aluminum Crank Arms

The first aluminum crank arm set light enough and strong enough to bear the Redline name. Now there's a Flight Group crank for every racer. Available in 160mm, 165mm, 170mm, 175mm sizes. Made in the U.S.A.

Forklift Handbars

All new for '90, the next generation Radline forklift bars include a truly strong, crashable, lie strong, go fast. Forklift bars are available in "J" or "K" rear axle plus our semi-beefy freestyle model.

Radline Number Plate

Put your numbers on a Radline number plate. This plate was designed for use with Forklift bars.

Stealth Pro Stem

When Radline Stealth Pro Stems bite hard with their Six-bolt clamp, they won't let go. Quill stems available in 53mm or 65mm reach.

Threadless

Stealth Pro Stem

This stem has the same Six-bolt clamp as the Quill stem. Threadless stem for 1 1/8" steerer comes in 65mm reach.

Titanium Bolt Kit

(not shown) A high tech way to lighten your flight cranks. Made from 6AL-4V Titanium. Made in the U.S.A.

RL Nylon Pedals

Start pedaling with these low profile Radline BMX pedals.

RL Flight Pedals

These are serious BMX pedals. Sealed bearings, alloy body and a no slip pedal cage.

Microline Mini Stem

This stem is a superlight 175 grams, made from 6061 Aluminum and heat-treated for durability. High tech mini det includes a titanium pinch-bolt. Made in the U.S.A.

REDLINE

SnakeSkin Saddle

Redline's padded racing saddle includes a durable stuffable to resist wet ground. Available in Silver. No snakes were harmed to make this cool saddle!

MX Saddle

Redline's BMX Saddles are low-profile, and high style. Drop-rise for extra strength.

RL Seatposts

Classic Redline seatposts are built to last. Chromoly strength and chrome plated. Straight or bent back.

Flight Group Seatpost

Redline's racing post sheds precious weight but same strength with its chromoly post. 14" length and 310 grams.

Redline Dropout Savers

Aluminum frames cost alot - these don't! Save your dropout! Available in Silver, Blue, Red, Purple or Black.

Redline One Piece Crank

This O.P.C. is a great upgrade for your existing crank. 100% chromoly. Redline Designed. Available in 175mm or 180mm.

Flight Group Tire

The three R's - Redline Racing rubber with BearClaw tread. Deep knobs and big shoulder lugs give these tires great cornering. Available in 20X1.8 or 20X2.1 at black.

RL Logo Tire

Staggered RL tread gives great all-around performance on the road or on the track. Skidwall or blackwall.

RL Seatpost Clamp

Any forged seatpost clamp the Redline way. Comes in Silver or Black.

Sealed Bearing Hubs

Redline Hubs incorporate a chrome-plated aluminum body with O-rings hollow axles. Flip-top design allows for use of 16T or 10T freewheels.

RL Logo T-shirt

This new 100% cotton T-shirt has the new Redline Uniform RL on front. Comes in small through XL sizes.

Redline

Aluminum Axle Nuts

Colorize your axle with Redline's high quality Aluminum Axle Nuts. Comes in 4 colors: Black, Silver, Red, Purple or Blue.

Flight Group Grips

Wrap your palms around the new Redline XL grips. They're soft, durable and when the ends get frayed, replace them. Available in Black or Clear. Made in the U.S.A.

Redline Decal Sets

Decal your stuff with a Redline logo or upgrade your bike to the '94 graphics!

RL Uniform

Sport the colors of a winner. These are full feature racing tracks made for heavy wear and tear.

Threadless Fork Kit

Make old bikes new again. Now any BMX frame can benefit from a threadless fork. Thanks to Redline's exclusive fork, stem and headset for standard BMX frames.
