SALSA STEMS

Proper position and fit make for more comfort and power. Salsa stems, which are available in several types and sizes, provide greater flexibility in establishing the riders optimum position on the bike than conventional welded bars.

SALSA 'PRO-MOTO'

- * IMPROVED PULLEY DESIGN DECREASES CHANCE OF CABLE DAMAGE
- * HANDMADE
- * TIG WELDED
- * 8 SIZES TO INSURE OPTIMUM POSITION

SALSA 'MOTO'

- * HANDMADE
- * TIG WELDED
- * AVAILABLE IN ALL 8 SIZES

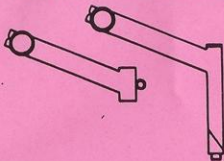

SALSA ROAD & SPRINT STEMS

The same Salsa quality is now available in Road and Sprint stems. Cro-moly steel. The Sprint stem is favored by many of this country's strongest track riders! Road Stems from 5cm - 14cm in 1cm increments. Sprint Stems from 9cm - 13cm in 1cm increments.

*Two models of drop bar stems are available on a limited basis. Ask for further information.

SALSA 'CUSTOM' STEMS

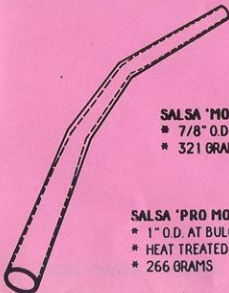

Custom-sized stems in each or quantities are available by special order. These can be made for road and track use as well as for the dirt.

The stems fit all 22.2 steerers and may be used with or without shims to mount all 7/8" and 1" bars. Available in satin finish nickel plate. All stems are O.D. ground for ease of insertion.

SALSA HANDLEBARS

Made in the USA by True Temper of 4130 butted cro-moly. 610mm length, flat, 11° and 5° bends, 5" straight section. Available in black chrome or silver chrome finish.
