SPORT CYCLES

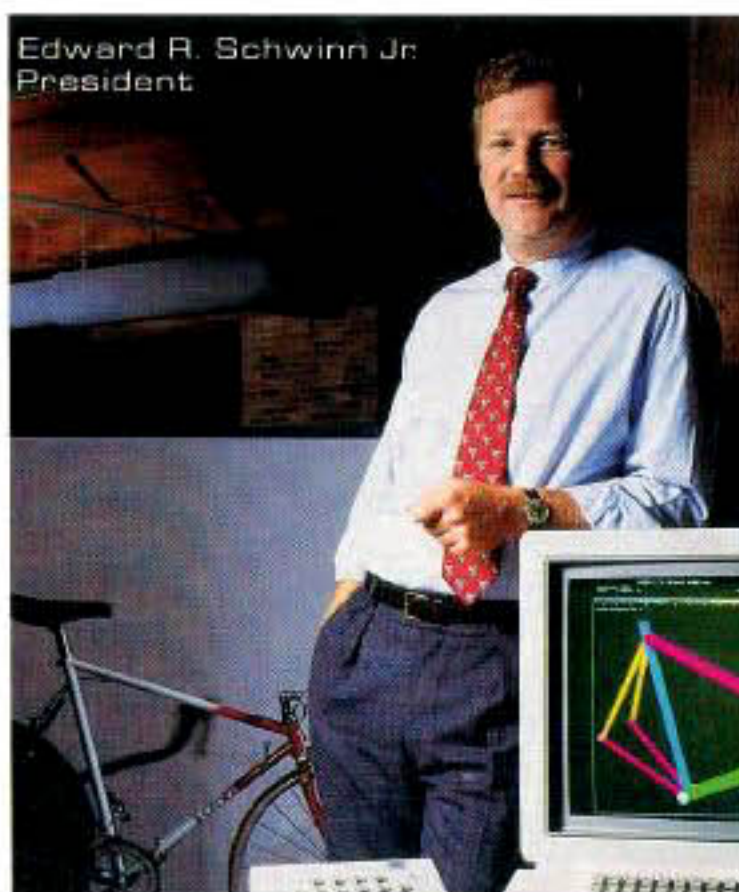

ON THE COVER:

The start of the final stage of the Coors International Cycling Classic. At major bicycle races you undoubtedly will see several relaxed, confident cyclists wearing the Schwinn jersey. Typically they don't have much to say, but their impressive list of victories makes their words invaluable to Schwinn engineers. You see, not only do they race — and win — they are constantly testing Schwinn engineering advancements. And, it's the team's demanding requirements that are first met before innovations are incorporated into the model line. It's a tough rule to live by, but we simply don't see how to build a Schwinn any other way.

Innovators. A lot of people talk about them and an even greater number claim the title. Schwinn, however, is one of the few that can honestly say that we have consistently improved the technological aspects of cycling. Presently Schwinn engineers are working extensively with new materials & techniques developed for the aerospace industry to determine their practicality and reliability for cycling. Our engineers use computers to aid design and evaluate this technology. We continuously work with our component suppliers to enhance the performance and reliability of the entire bicycle. It takes painstaking experimentation and analysis, but this extra effort is what makes Schwinn the innovator. From the very beginning, our network of Authorized Schwinn Dealers have been a cornerstone of our business.

Unmatched in the industry, Authorized Schwinn Dealers provide a unique approach to servicing the customer. We focus on delivering the right bicycle for your needs. We back each sale with parts and service for proper care and maintenance to keep you on the road. The Schwinn NoTime-Limit Warranty* insures quality materials and workmanship. Best of all there's a nationwide network of Authorized Schwinn Dealers ready to serve you. These innovations make a bicycle very special. They make it a Schwinn.

Edward R. Schwinn Jr.
President

*See back cover for complete details and copy of warranty

The colours of World Class status are proudly displayed on our finest effort...the Paramount Frame. These coveted colours mark racing's highest level of excellence, worn by only a chosen few who've performed better than the best.

It takes a special person to appreciate a Paramount. It takes a unique understanding to know the importance of matched Columbus tubing, precise engineering and immaculate brazing, clean elegant lines, and perfect finish. What's more, it takes a special person to ride a Paramount, to delight in its perfect road manners, rigidity and lightness. If you're a special person; if you would rather not suffer the shortcomings of mass production, you clearly deserve nothing less than our best. You deserve a Paramount. Paramount available in Road and Track Models, in 13 frame sizes and 6 colors.

SUPER SPORT[®]

The Circuit and Super Sport are designed to meet the unique demands of the more serious cyclist. A special blend of Columbus SL/SP tubing, and aero fork and stays make the Circuit ideal for high-level competition. The Super Sport's indexed shifting and aerodynamic components give the tri-athlete that added advantage. Performance-designed Schwinn clothing makes riding more comfortable and efficient. Add a cycling computer to monitor your training and you'll become more than a force to reckon with, you'll be the force to follow.

Paramount cycling apparel makes riding more efficient. Fashionable. More fun! Our complete line of clothing offers good looks all year 'round. Like jerseys. Shorts. One-piece tri-suits. They hug your body for a sleek aerodynamic fit. Best of all, our comfortable innovative fabrics are as easy to maintain as they are to wear! Styles and fashions may vary. See your Authorized Schwinn Dealer for current selections.

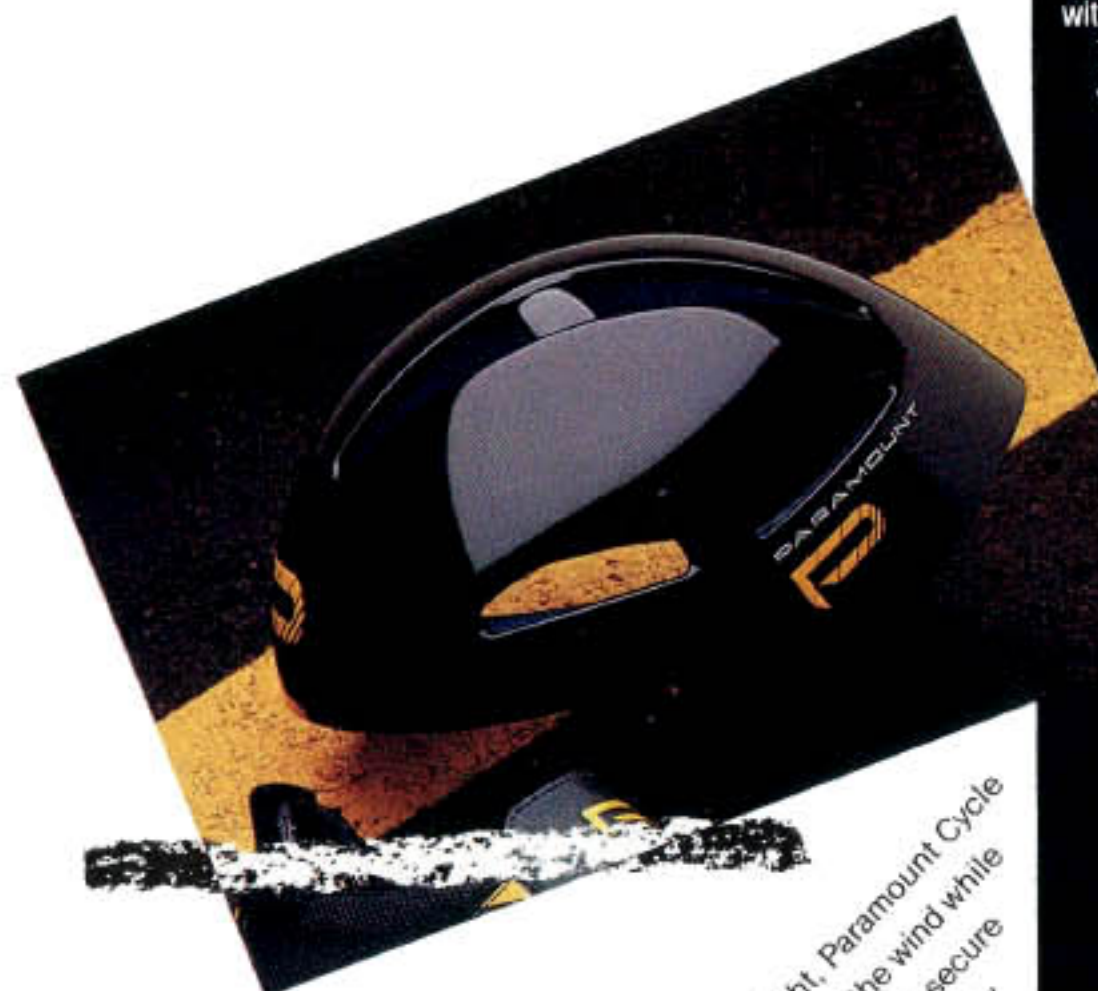

Specifications subject to change without notice.

RIDE SMART

The Paramount Cycle Computer eliminates guesswork. You ride smart with six functions at the touch of a button: speed, maximum speed, trip distance, odometer, stop watch, plus a 24-hour clock. Monitor your performance without taking your hands from the bars. Ergonomically designed. Exceptionally small and lightweight. Fits virtually all bicycle makes and models.

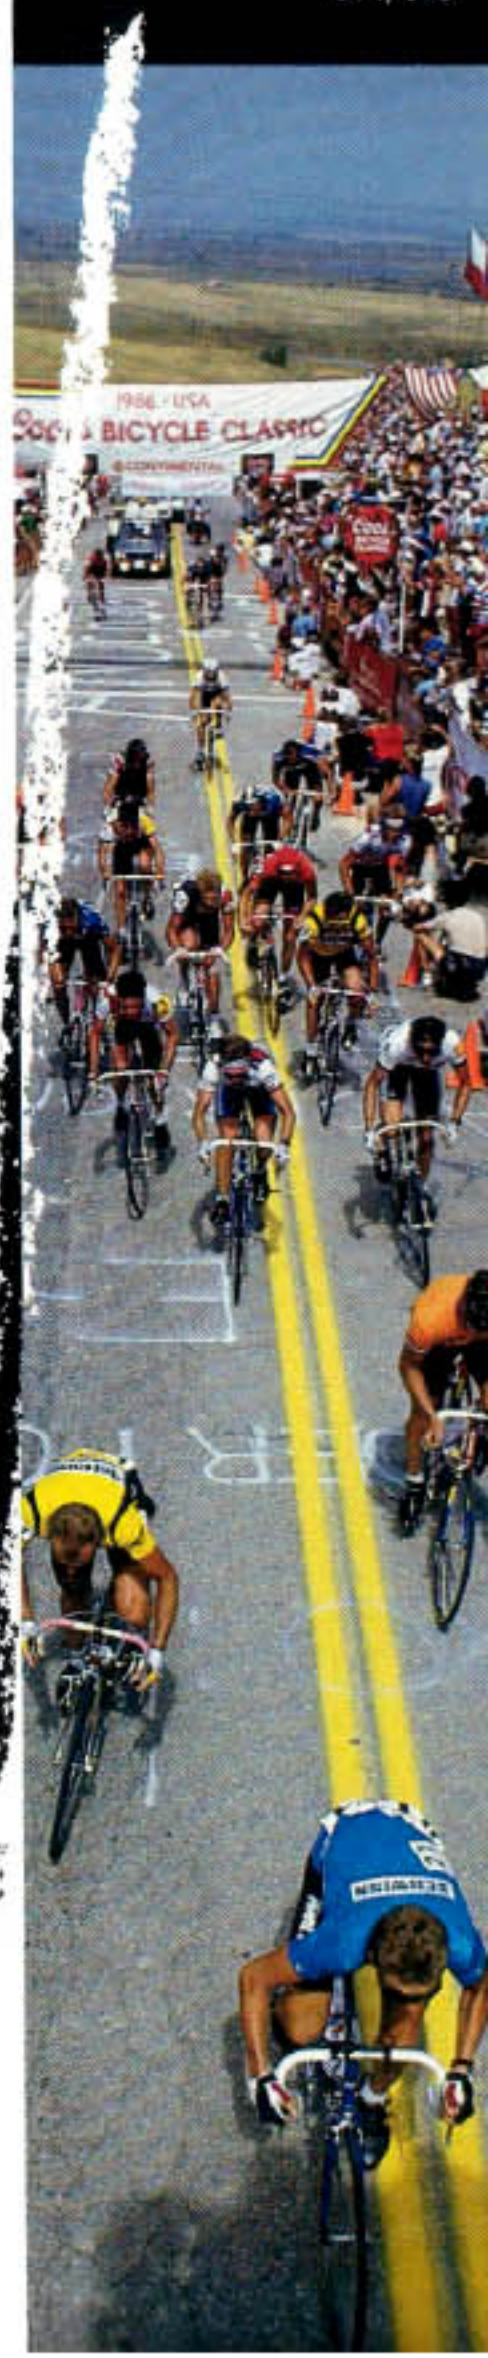

Start your ride with our lightweight, Paramount Cycle Helmet. Its sleek, aerodynamic shell cuts the wind while its ventilated construction keeps you cool. Fits secure with a quick-release retention strap; absorbent brow pads remove for easy care. Two sizes with adjustable fit pads, in black, white, red, yellow, and blue. Meets ANSI Z80.4 safety standards.

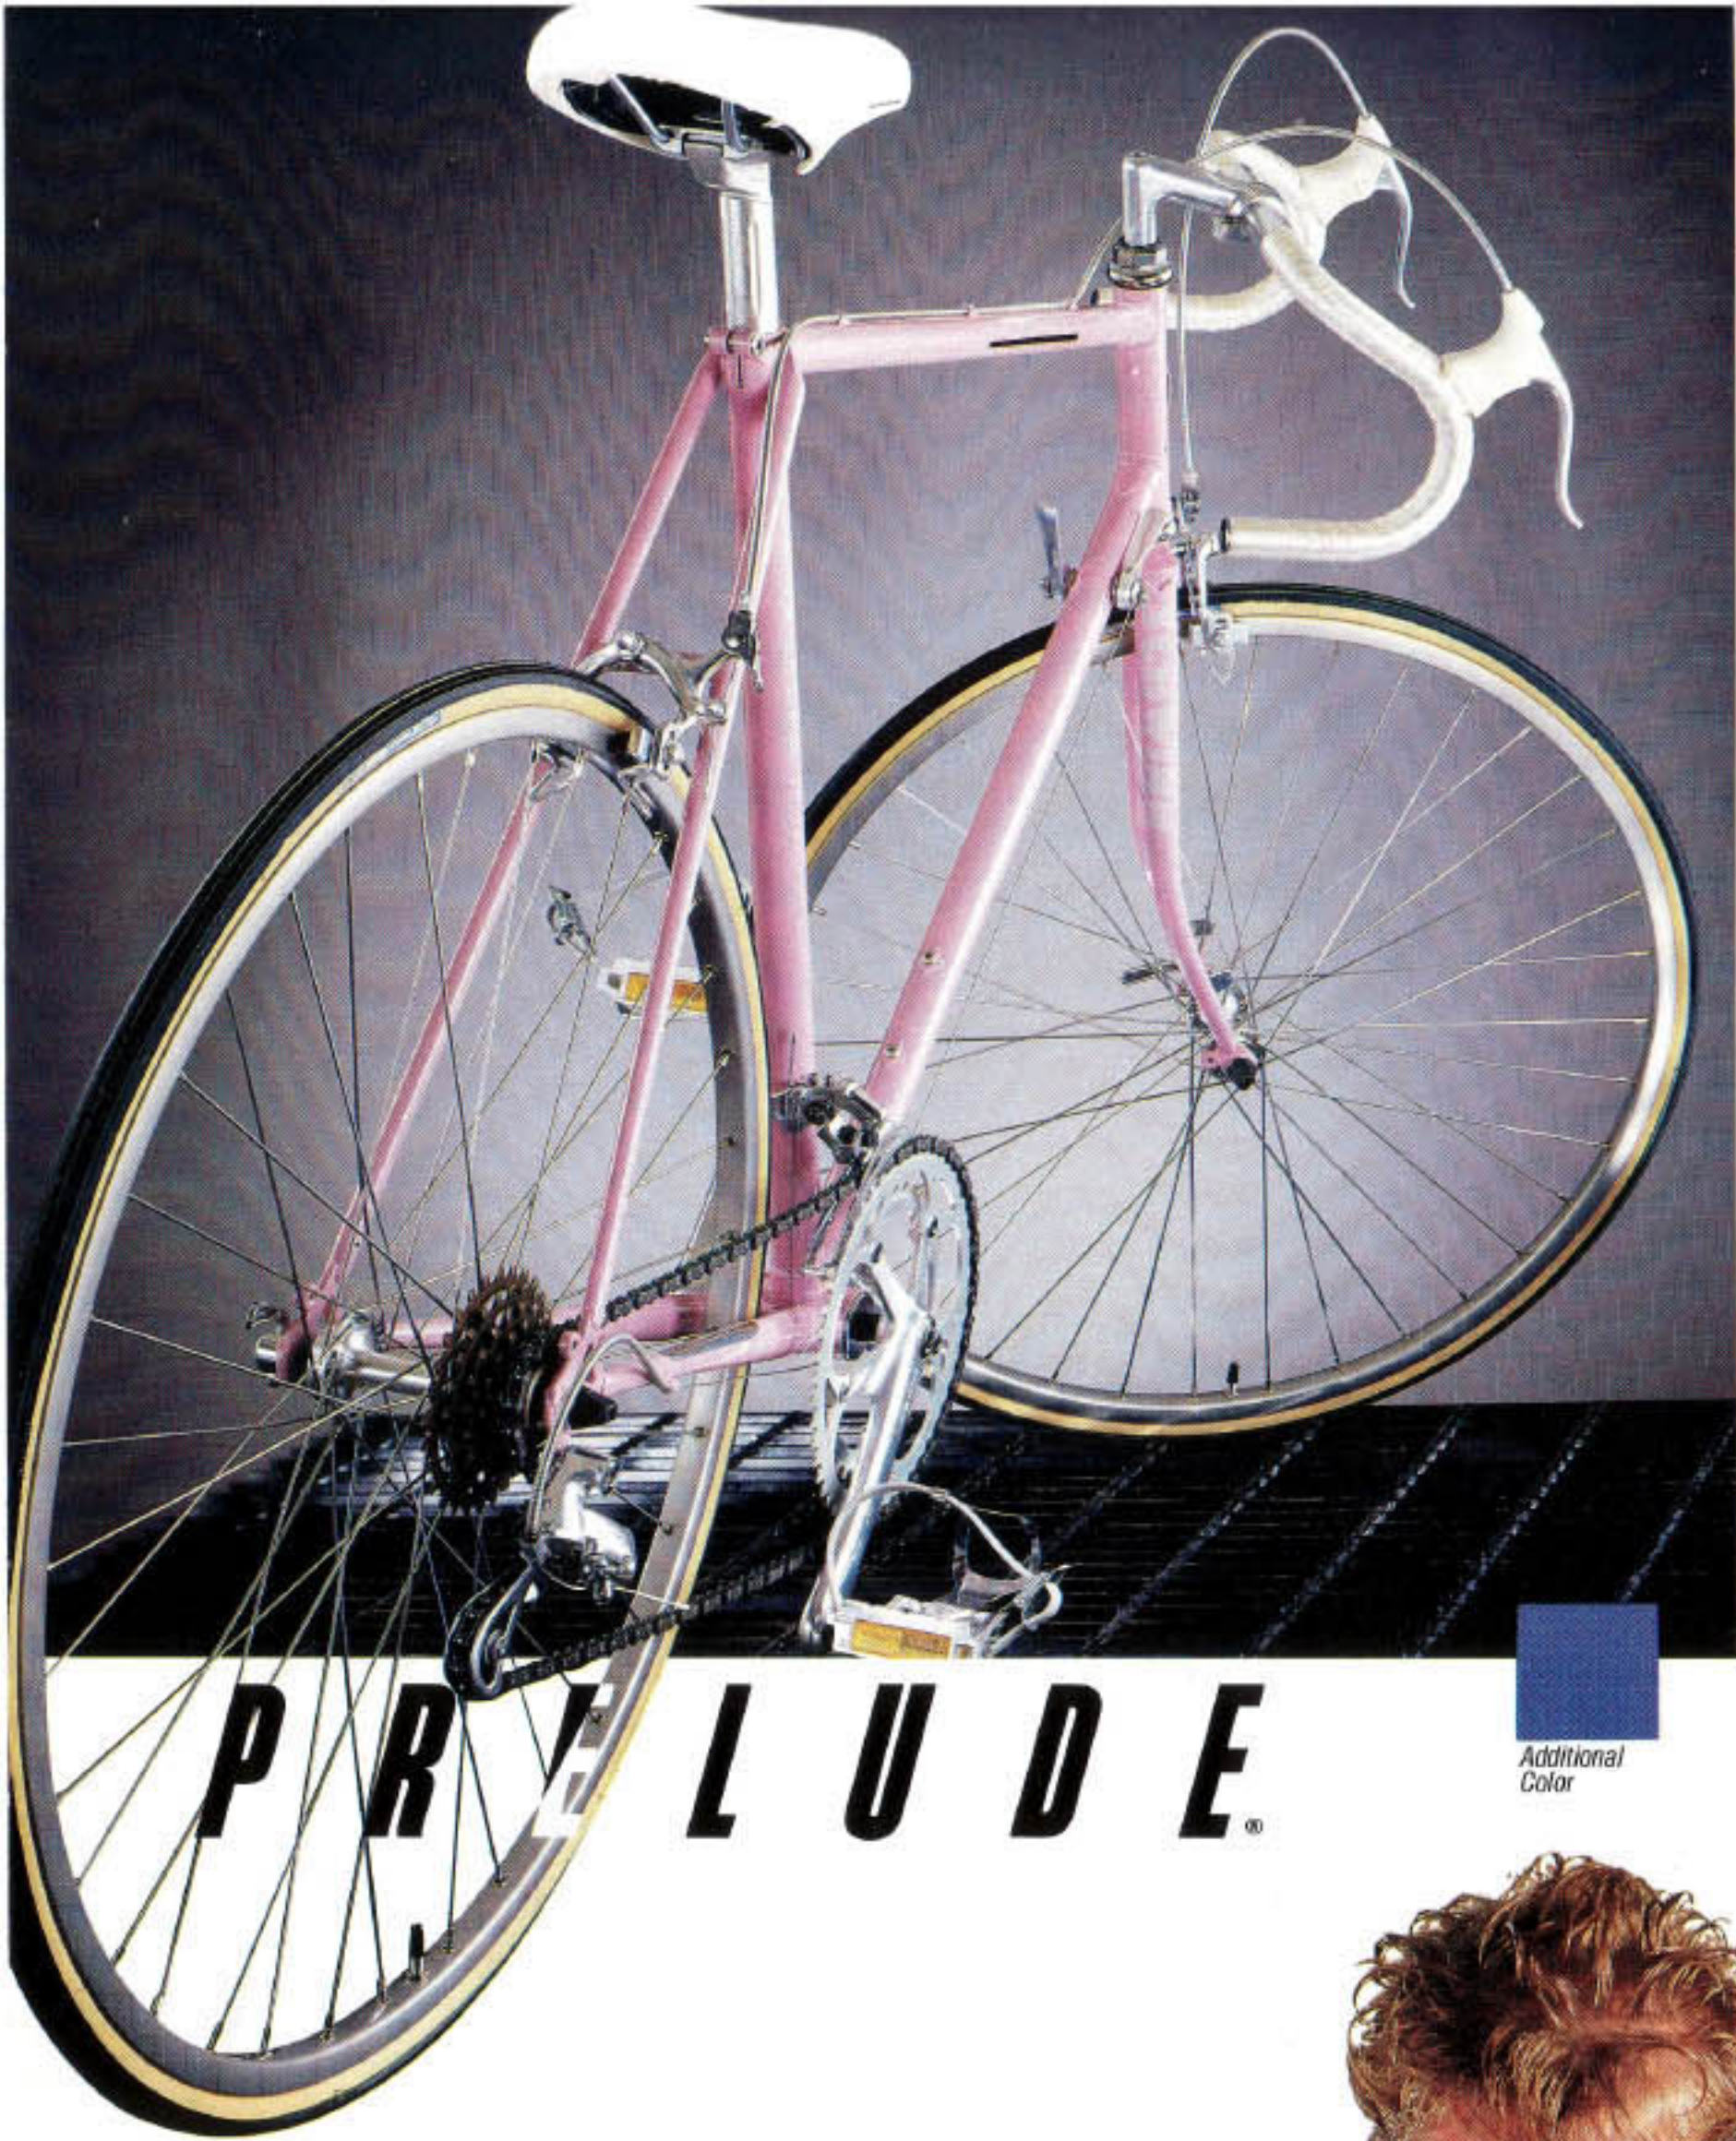

SUPER SPORT
 ■ Columbus Tenax double butted frame tubing ■ Shimano 600 Ex Groupo with indexed shifting, Biopace crank set and aero brakes ■ Rigid 32 spoke Black anodized SX100 alloy rims ■ Cinelli handlebars and stem ■ Schwinn Pro Circuit semi bald 115 lb. pressure tires ■ Magenta with White accents ■ Frame sizes 19", 21", 22", 23", 24", 25" S29, S31, S32, S33, S34, S35

CIRCUIT
 ■ All bearings sealed against contamination by moisture and dirt ■ Aerodynamic 32 spoke Araya Black anodized rims ■ Columbus SL/SP main frame with aerodynamic fork and Chrome aero stays ■ Sun Tour Sprint drive train with Winner Pro 7 speed Freewheel ■ San Marco White leather profil aero saddle ■ Matte Black with Chrome ■ Frame sizes 19", 20", 21", 22", 23", 24", 25" CT9, CT0, CT1, CT2, CT3, CT4, CT5

All Schwinn Bicycles meet C.P.S.C. Regulations

"Road feel, responsiveness and rigidity" are terms most often used when talking about fine bicycles. These terms effectively describe the Schwinn Tempo and Prelude: each loaded with all the right componentry for high performance. Mix and match Paramount nylon-mesh toe straps, available in a spectrum of colors. They won't stretch like conventional leather toe straps. Lightweight Sidi shoes add a final element for the maximum transmission of power. If value matters, and so does the bike, Tempo and Prelude are two models to ride like you've never ridden before.

PRELUDE
 ■ Shimano L525 dérailleurs with indexed shifting ■ Weinmann 913 S anodized 700 x 25 C racing style wheels ■ San Marco padded suede leather saddle ■ Columbus Tenax double butted chrome-moly frame tubing ■ Midnight Mauve and Ice Pink ■ Frame sizes 19", 21", 23", 25" ■ PR9, PR1, PR3, PR5

TEMPO
 ■ Shimano's new 105 dérailleurs with indexed shifting ■ Shimano's new 105 low profile Biopace crankset, aero pedals with unbreakable resin toe clips and braided nylon straps ■ Shimano's new 105 brakes with indexed quick release and aero levers ■ Rigid black anodized 32 hole alloy rims ■ Teal with White accents ■ Frame sizes 19", 21", 23", 25" ■ S19, S21, S23, S25

Additional Color

WORLD

Specifications subject to change

World Sport, World, and Sprint available in womens frame.

Schwinn's reputation for quality and value is its hallmark. The 1987 World, World Sport and Sprint exemplify this tradition.

These strong, street-tested bikes are meant to be ridden every day.

Featuring durable steel wheels on the Sprint, quick-release front hub on the World, and a chrome-moly frame on the World Sport. For stylish, value-packed transportation, they get you where you gotta' go and they do it the Schwinn way!

SPRINT
 ■ SunTour derailleur system with easy reach stem shifters ■ Dual position brake levers and cushion grips ■ Durable steel wheels with high pressure gum wall tires ■ Firemist and Opaque Red ■ Diamond frame 19", 21", 23", 25" 619, 621, 623, 625, Step through 17", 19", 21" boys and girls 24" wheel 657, 659, 661, 664, 684

WORLD
 ■ Front alloy quick release with alloy rims ■ SunTour alloy derailleurs with 10 speeds ■ Forged alloy crankset with integral chain guard ■ White and Blue Grey ■ Diamond frame 19", 21", 23", 25", 27" 819, 821, 823, 825, 827, Step through 17", 19" 857, 859

SPRINT

Additional Color

Bright, bold Schwinn cycle caps shade the sun and absorb perspiration. All cotton, machine washable. One size fits all in a rainbow of fashionable colors.

Look closely at the pedal action of some of the fastest cyclists in the world. Their spin is so smooth, so natural, it appears to be nearly effortless. The way these superstars developed this efficient style is by spending hours training on a fixed gear to make their perfect spin second nature. Use the versatile Madison's fixed gear for indoor training, spring workouts, and track riding. Flip the hub to the free-wheel side, stick a water bottle in a cage, and with the included side-pull brakes, you're ready to hit the road.

Keep cool in the heat of it all with Schwinn water bottles. Two thirst-quenching sizes: 22 oz standard capacity and 30 oz large capacity. Each available in white, red, blue, yellow and clear. Match them with Paramount alloy bottle cages. Extra lightweight. Incredibly strong. In red, blue, yellow, pink, white, and black. 5.0mm and 6.0mm size for added strength when touring or mountain riding.

If the thought of riding down your driveway and not coming back has often crossed your mind, think for a minute about the Voyager. Full braze-ons for multiple racks and bottles, cantilever brakes, 40-spoke rear wheel...all Schwinn quality. It's hard to find a better way to go. With a full set of color-coordinated Voyager packs, ride it for a weekend, a week, a month, a year, or...

SCHWINN BICYCLE COMPANY
LIMITED WARRANTY

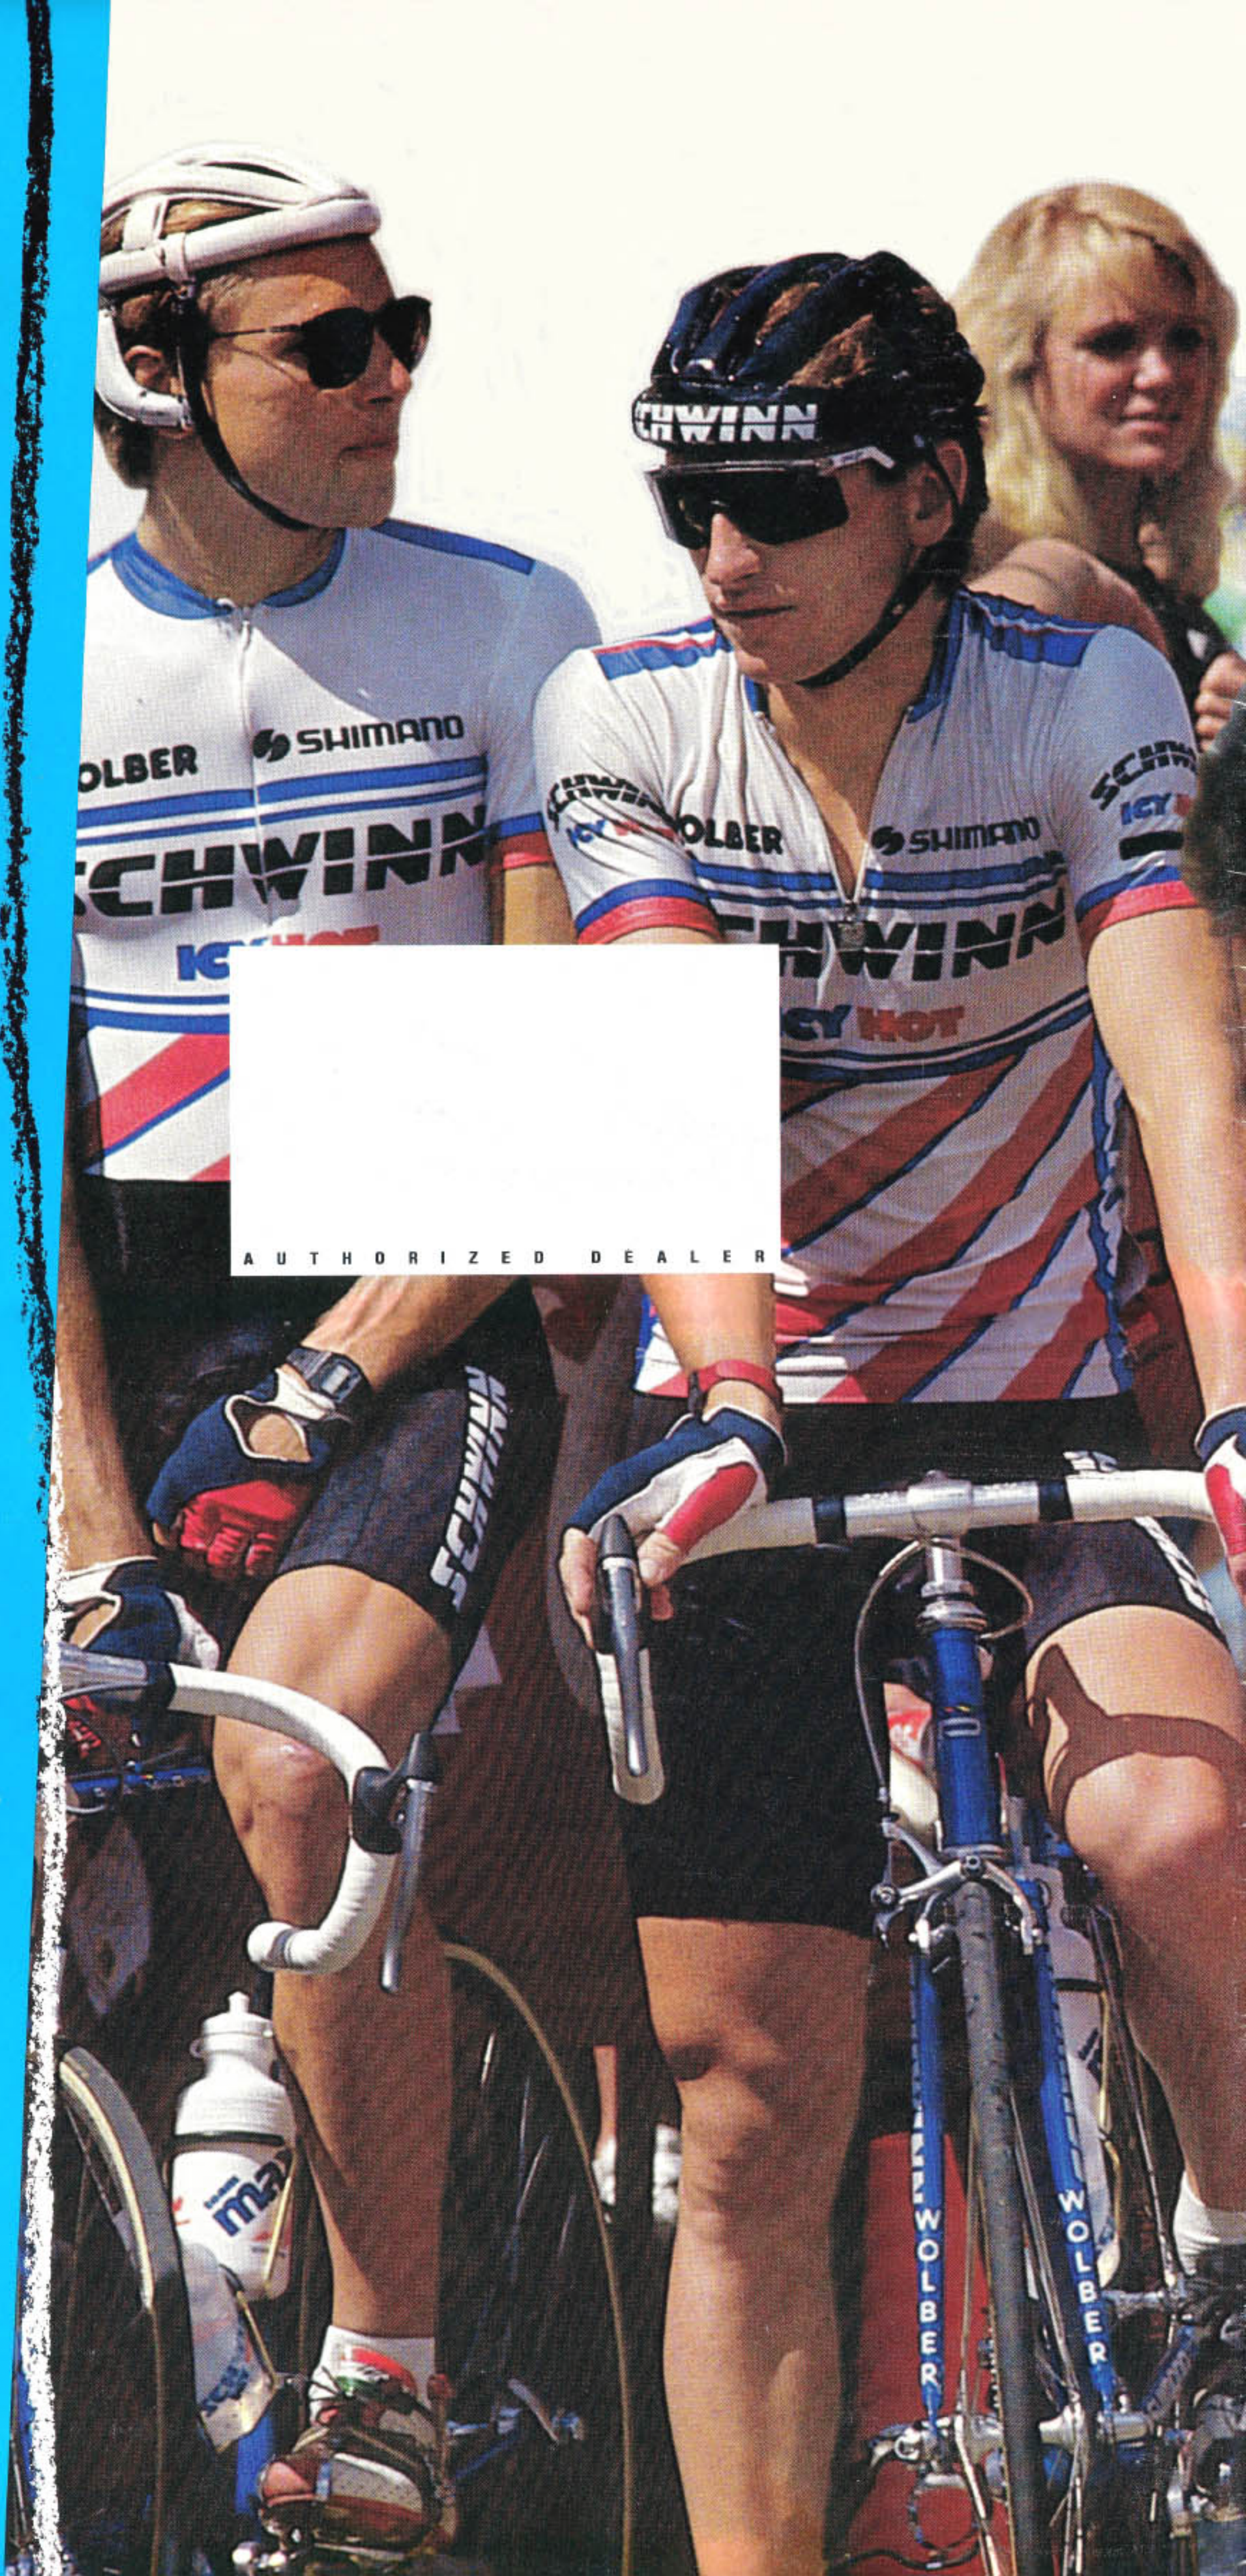

Effective April 16, 1982.

Schwinn and Schwinn-Approved bicycles, exercisers, parts, accessories and other products are warranted to be free from defects in materials and workmanship... no time limit.

NOTICE: The user assumes the risk of any personal injuries, damage to or failure of the bicycle and any other losses if Schwinn bicycles are used in any competitive event, including bicycle racing, or in bicycle motorcross, dirt biking or similar activities. **DO NOT USE** Schwinn bicycles for stunt riding, ramp jumping, acrobatics or similar activities, or with motors as power driven vehicles. This warranty does not cover any personal injuries, damage to or failure of the bicycle, exerciser or other product, or other losses, due to accident, misuse, neglect, abuse, normal wear, improper assembly or improper maintenance.

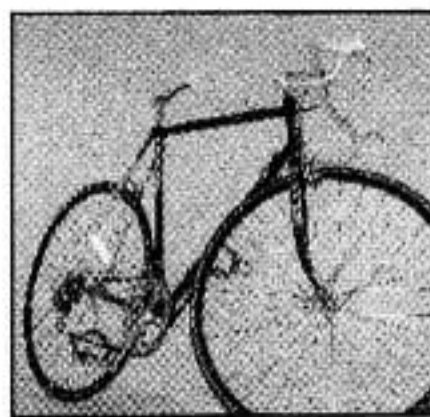

FREE 30-DAY BICYCLE CHECKUP

Each Schwinn bicycle and exerciser will be fully assembled by the Authorized Schwinn Dealer at the time of purchase. Each Schwinn bicycle will be entitled to receive a Free 30-day checkup by the same Authorized Schwinn Dealer within the first 30 days of operation... such checkup to include free replacement but not including any repair due to accident, improper use, neglect, abuse, normal wear, improper assembly or improper maintenance. At its option, Schwinn will... without charge... either provide a replacement of or repair any Schwinn or Schwinn-Approved part or accessory which is defective under the terms of this warranty. Dealer labor charges in installing replacement parts or accessories are not covered by this warranty, except for bicycles during the free 30-day checkup, and except for any labor charges due to replacement of a defective frame for bicycles or exercisers within one year of original purchase at retail. Repair or replacement of defective parts or accessories and those dealers charges specified above shall be the sole remedy under this warranty, and in no event shall Schwinn be liable for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. See your Authorized Schwinn Dealer for service or replacement under the Schwinn Limited Warranty, or write to the Consumer Relations Department at Schwinn, SCHWINN BICYCLE COMPANY • 217 N. Jefferson St. • Chicago, IL 60606
