SCHWINN ICON DESCRIPTIONS

Ashtabula Style Front Fork
Tubular, flat-blades make the classic design even stronger

Classic Cruiser Fenders
They keep you bone dry, but drenched with flavor

Classic Cruiser Springer Fork
Absorbs bumps, identifies you as a cool person

Direct Pull Brakes
Smooth, powerful braking in all conditions

Disc Brakes
Unparalleled braking performance and control in all conditions

Down Tube Gusset
Increases strength at critical area where the downtube meets the head tube

Epicenter® Seat Stays
Improves braking and tire clearance. Vertically compliant for a smoother ride

Front Suspension Equipped
Indispensable for most off-road riding. Provides better handling and more comfort than a rigid fork

Grip Shift™
Simple twist shifting

Light Weight Alloy Rims
For quicker acceleration and increased corrosion resistance

Machined Chain Stay Yoke
Increases strength where chainstays meet bottom bracket shell and provides greater tire clearance

Outer Butted Seat Tube
For increased strength at critical stress area

Rear Suspension Isolated Drive Train
Sweet Spot® design is fully active when you're seated, 4 times stiffer when you stand for sprints or steep climbing

Replaceable Derailleur Hanger
Helps avoid potential frame-totalling damage

Reverse Seat Collar
Increases strength and prevents accumulation of debris from rear wheel

Ride-Tuned™
Our exclusive process insures nimble handling, raw performance, and a smooth-as-silk overall ride

Rise Handlebar
For more upright riding position

Schwinn Cruiser 3 Spring Saddle
The bicycling equivalent to your favorite overstuffed armchair

Schwinn Forged Dropouts
For increased strength, longer wear, and precision shifting

Schwinn Forged Seat Collar
For increased strength and durability

Sloping Top Tube Design
For greater standover height and offroad confidence

STI Brake Lever Shifting
Puts shifting and braking at your fingertips

Super Soft™ Grips
Better grip, decreased vibration, maximum comfort

Suspension Handlebar Stem
For shock absorption and maximum comfort

Suspension Ready Geometry
Insures correct frame angles if an aftermarket suspension fork is installed

Suspension Seatpost
For shock absorption and maximum comfort

Triple Chainrings
Wider gear range and better climbing ability

Two Tone Retro Paint Job
Turns more heads than a heated tennis match

USA Made Frame and Extras
The ultimate, TIG-welded pledge of allegiance

24" Wheels
Offers better fit for smaller riders

90° Stem
For more comfortable, upright riding position
