

ANNOUNCING **SEKAI**

The Sekai BMX **"Superhawk" #350** is designed and built to take the stress of off-street Motocross riding. The **#350** is priced to be affordable to those entering the BMX market while providing them the most popular style components made. The "Superhawk" features Araya alloy rims, the new Shimano freehub, "Tange" Cro-Moly fork, Shimano sidepull brake, Sugino Super-Maxy alloy crank, and the new Win Cro-Moly allen key double stem.
