

TORRKER

Torker Aluminum Frame set

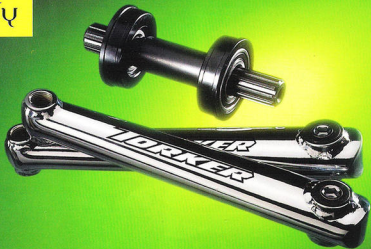

The legendary twin top tube design, Strong & functional. Torkers distinctive twin top tube is back and now built with aerospace quality 6061-T62 Heat Treated Aluminum

Alloy throughout. Super Stiff, Extremely durable, very fast. Made in the U.S.A. Available sizes are Pro/St & Pro/XL. Colors are Torker Yellow.

Torker chromofly crank set

Start with a splined, heat-treated cromo spindle. Add a pair of silky-smooth sealed cartridge bearings. Then hang a pair of hollow, heat-treated cromo arms on the ends for the very best value in tubular cranks. Strong & stiff. Comes in 175mm or 180mm sizes. Chrome Plated.

Torker 280X

Whether you're rippin' it up at the track or shredding the 'hood, the 280X will take you all the way. The frame

combines twin-top tubes, an oversized crommo down tube, a crommo seat tube and ovalized crommo fork blades. Aluminum rims, oversized alloy hubs, and alloy rear cantilever brakes complete the package.

Colors: Chrome/Red, Chrome/Blue.

Torker 200X

The 200X is thoroughly engineered to be Torker tough.

It features oversized tubing, anodized alloy rims, Comp III style tires, & a 4 bolt stem. Hand-picked blue or purple anodized components on the chrome frames, no-nonsense silver on the black frames.

Torker TFX

Do you want to rack-up frequent flyer points off the local 1/4 pipe, or keep it earth bound as you redefine street-style?

With the TFX, the choice is yours. Torker put it together with twin-top tubes, super thick 6mm frame & fork dropouts, 48 spoke alloy wheels, and an odyssey gyro.

Colors: Chrome/Blue, Chrome/Purple
