

**3 Time Supercross Champion
3 Time National Champion,
Raced motorcycles for 20 years.
So why the Yeti?**

Jeff isn't your average Yeti owner. He can make motorcycles do things that don't seem possible and he expects the same incredible handling and dialed in suspension, of a factory motocrosser, in his A.R.C.-A.S.... "The focus of my riding is to keep my fitness level extreme. There's no place in my plans for second best"... Jeff Stanton. Maybe he isn't so different after all.
