 DAWES CYCLES LTD., TYSLEY, BIRMINGHAM

The user's attention is drawn to the fact that certain of our models are fitted with low pressure tyres, sizes 450A and 500A, and the recommended tyre pressure for these is 35 lb. p.s.i. (this is approximately half the normal tyre pressure). It is detrimental to over-inflate these low pressure tyres.

The user's attention is drawn to the fact that certain of our models are fitted with low pressure tyres, sizes 450A and 500A, and the recommended tyre pressure for these is 35 lb. p.s.i. (this is approximately half the normal tyre pressure). It is detrimental to over-inflate these low pressure tyres.

Attractive
 Modern and appealing design frame is finished in the highest quality flambourant enamel. Pleasing contrast is obtained by fitting chrome plated alloy and stainless steel components.

Safe
 Small wheels with 500A, 1000 and 1500 cc. engines, and low bottom brackets, allow comfortable loads to be carried. Braking is efficient by the fitting of long brake shoes, completely covered cables and dimple-aded rims. There is built in provision for two call dimmer lamps front and rear. Reflector pads are fitted on certain models. A rubber foot is incorporated in the steering column to prevent handbars being withdrawn too far.

Comfortable and Clean
 The idea is a joy with semi-balloon rear suspension, white wall tyres, foam top saddles in choice of single and size with either two coil or girder frames. Deluxe coloured grips moulded to fit hands. Efficient mudguards keep feet dry and clean in traffic. These speed gears are available as an extra.

Nippy
 A drop stand allows the Cycle to be parked anywhere.

Compact
 The overall length measures only 60" facilitating storage and loading into a vehicle. Alloy and stainless steel components.

Light
 The Cycle weighs as little as 30 lb. in its single speed version. When fully equipped 37 lb. is not exceeded. Weight savings have been obtained by the fitting of many of the H.I.C. handlebars, to provide a reach varying between 17" and 22".

Adjustable
 By altering saddle height, inside leg measurements from 28" - 38" can be accommodated. A variety of riding positions can be obtained by altering the height and tilt of the H.I.C. handlebars.

KP 20 Model
 This all-purpose modern family Cycle is most healthy, economical and easy to use. It is a joy with semi-balloon rear suspension, white wall tyres, foam top saddles in choice of single and size with either two coil or girder frames. Deluxe coloured grips moulded to fit hands. Efficient mudguards keep feet dry and clean in traffic. These speed gears are available as an extra.

kp20c

KP 20C A.W. 3 speed gear. Tartan rear bag, reflector.
KP 20D A.W. 3 speed gear. Multi-ripes rear bag.
Colours: White, Brown, Scarlet, Green, Blue.

Mudguards

A lively Sports model built of high carbon steel tubing made to British Standards Specification. Frame and Fork is rustproofed by a phosphating process before receiving four coats of high temperature stove enamel to give a brilliant durable finish. The use of aluminium alloy components wherever possible keeps the weight to a minimum, so ensuring that the Red Feather owner gets an easy running, responsive sporting cycle.

coloured rings, single sided.
Steel racing pedals.
Patent cable end Protectors.

Chrome tipped forks.
**Scarlet. Blue. Green.
Copper. White.**
Flamboyant finishes with
contrast PVC mudguards and
two tone panels. Bands and
transfers are neatly applied.

The Debonair cycle equipped with speedy high pressure lightweight rims and shod with Dunlop translucent wall low-drag tyres is a sporting machine made for the man who wants to go places — fast! The slick Svelto 5 speed gear with ratios to suit, combines admirably with the upright frame design to keep you in front. Daves gives you greater stopping power too with dimpled braking surfaces to the rims working in conjunction with Swiss made Weinmann precision brakes.

15/16" alloy pump with
coloured rings. Single sided
steel racing pedals. Stainless
steel toe clips and straps.

White, Green, Brown,
Lustrous finishes with two
tone panels, and chrome
fork crown and 10"

Here we have a model in the de-luxe class at a price you can afford. Centrepull brakes for maximum stopping power. Alloy large flange hub for the most rigid wheels. Stainless steel fittings and chromium plated fork crown and blades combine with the modern frame colour treatment to give you a sporting cycle which will be the envy of your friend. Racing half-guards or full matching guards to your choice.

Tourist Allrounders

GUARANTEE We give the following guarantee with our machines instead of any guarantee implied by statute, or otherwise, as to the quality or fitness for the purpose of the goods supplied; any such implied guarantee being in all cases excluded. In the case of machines which have been used for "hiring out" purposes or in respect of which our trade mark or manufacturing number has been removed, no guarantee of any kind is given, nor is to be implied.

WE GUARANTEE, subject to the conditions mentioned below, that all precautions which are usual and reasonable have been taken by us to secure excellence of materials and workmanship.

THIS GUARANTEE shall be in force for one year from the date of delivery by us of the goods and the damages for which we make ourselves responsible under the guarantee are limited to the replacement of any part which may prove defective. This guarantee does not apply to defects caused by wear and tear, misuse or neglect, and only covers new goods. Any understanding to supply articles in replacement or repair shall be deemed to include the above guarantee to the exclusion of all implied warranties.

CONDITIONS OF GUARANTEE: If a defective part should be found, it must be sent in to us, "carriage paid" and accompanied by an invoice from the sender that he desires to have it repaired or replaced free of charge under guarantee, and he must also furnish us at the same time with the number of the machine, the name of the agent from whom he purchased and the date of the purchase. This guarantee does not cover the cost of any labor incurred by the dealer in stripping the part or parts concerned. Failing compliance with the above, goods will lie here at the risk of the sender, and the recipient shall need no further warranty.

which, with our guarantee seals on, we know, have, we guarantee say these machines which are bought from one of our authorized agents, and under no other conditions. We do not guarantee specialities of other firms, such as spurs, saddles, chains, lamps, bells, etc. We endeavor to secure the highest quality in these articles, and the makers, whose names usually appear thereon, are in nearly every case willing to replace any defective part.

THE TERM "AGENT" is used in a complimentary sense only, and these firms whom we style our agents are not authorized to advertise, incur any debts or transact any business whatsoever on our account other than the sale of goods which they may purchase from us; nor are they authorized to give any warranty or make any representations on our behalf other than those appearing in the enclosed literature.

The above junior cycles cover the age group from 3 to 11, and in addition Diploma and Diane models 34 and 35 in 19½" sizes for older boys and girls.

See also the junior Kingpins over page which are suitable for both boys and girls, and because of their design will not be easily outgrown.

A boy with sporting mind will want a Red Feather which is available in both 18½" and 19½" sizes. Full specification above.
