

MANITOU FRAMES

All Manitou frames are made with **Easton Pro-Gram** series, double-buttressed, aluminum tubing, drawn exclusively to Manitou's dimensions.

The "FS" (Fully Suspended) model incorporates the same specs listed below. The frame weight is 4 lbs. 2 ozs. with the rear suspension. The rear suspension utilizes the same design as the Manitou front suspension.

Prices on Manitou products are determined by our dealers.
